WELCOME!

This Directory has been put together by the Ballyfermot Advance Project on behalf of the Ballyfermot Local Drugs Task Force.

The aim of the Directory is to provide people living and working in Ballyfermot with clear and concise information on the many excellent services delivered by local community and statutory agencies in response to the problems arising from drug misuse in our community.

The range of services included in this directory stretch far beyond those directly dealing with drugs, alcohol and addiction. This is because problematic drug use rarely exists in isolation and can have an effect on many aspects of an individual's life and their family's life.

The non-drug specific services listed in this directory work equally with people with no history of drug use, and so this is a valuable resource for everyone living in the community.

Looking for support when problems arise can be difficult. It is hoped that this directory will make taking that first step to getting help easier for everyone.

David Connolly
Chairperson of BLDTF

DRUG SERVICES - REHABILITATION

Residential Rehabilitation Services

HSE Outreach Team **t:** 01 620 6424
01 620 6400

Ballyfermot STAR **t:** 01 623 8002

The Ballyfermot Advance Project -
Community Drug Team **t:** 01 623 8001

There are many centres around the country that offer Drug Detoxification, Treatment and Rehabilitation. Some of these centres are run by the HSE and some by Voluntary and Not-for-profit Organisations. The time you can spend in a drug detox and rehabilitation centre can vary from 6 weeks to 12 months depending on the type of programme offered by the centre. If you feel ready to enter a Detoxification and Rehabilitation programme or would just like more information about the options open to you, talk to your local drugs projects. Financial assistance through the Residential Options Fund can be discussed with a project worker.

Residential Options Fund

Contact Community Development
Worker at the Ballyfermot Advance
Project: **t:** 01 623 8001

Provides funding to cover the cost of residential treatment for people from the Dublin 10 area.

Crisis Intervention Service
t: 01 838 7122

Who is it for?

The Social Work Department offers a service to children and families in the Dublin West area including Ballyfermot

What do they do?

- The Social Work Department accepts referrals of concerns regarding child abuse and child protection
- The four categories of child abuse which are dealt with are: physical abuse, sexual abuse, neglect and emotional abuse
- Because of the large number of referrals and existing level of resources, a high threshold is operated in terms of referrals of neglect and emotional abuse
- Recruits and supports foster families for children who are in the care of the H.S.E.

How to contact:

- Self referrals and referrals from members of the public are taken by telephone
- Referrals from professionals, community and voluntary agencies are expected to be in writing
- Outside office hours all child protection concerns should be referred to the Gardaí

Crisis Intervention Service:

The HSE operates an out-of hours Crisis Intervention Service in the Dublin area, which can be accessed by emergency services like Hospitals and the Garda Síochána outside of office hours

SUICIDE

Suicide Advice

In the event that someone close to you attempts to take their own life, get immediate medical attention for them:

- Contact your local doctor
- Go to, or contact, the Accident and Emergency Department at St Jame's Hospital or Tallaght Hospital which are responsible for the D10 area

If you are worried that someone might be thinking of taking their own life or self-harming it is very important not to ignore the signals. Talking about suicide will NOT plant an idea in a vulnerable person's mind.

How to Respond:

- Show you care by being supportive, for example say something like:
"I'm worried about you and I am here to help."
- If you are worried that someone is acutely suicidal find out by asking them if they have plans to harm themselves
- Get help or encourage them to get help, for example by saying "I will stay with you until you can get help"

COMMUNITY & TASKFORCE

Ballyfermot Local Drugs Task Force - BLDTF

The Ballyfermot Local Drugs Task Force is a partnership between statutory, voluntary and community sectors. It prepares and implements action plans which coordinate all relevant drug programmes in the area and address gaps in service provision.

Members of the Local Drugs Task Force include representatives from: the local community, local drugs projects, HSE, An Garda Síochána, FAS, Department of Education and Science, Probation and Welfare, Elected Representatives, National Drugs Strategy Team and Dublin City Council.

Ballyfermot Local Drugs Task Force Co-ordinator

Frank Gilligan

Bridge House,
Cherry Orchard Hospital,
Ballyfermot, D10.

t: 01 623 8001

m: 087 2252231

e: taskforce@ballyfermotadvance.ie

Function of Task Force Co-ordinator:

To implement and coordinate the Local Drugs Strategy in Ballyfermot so that there are services available on the ground when people need them.

BLDT Community Representatives

Community Representatives on the Ballyfermot Local Drugs Task Force live in the Dublin 10 area and have an interest in the drugs issue. They ensure that the community has a strong and effective voice at the Task Force table. If you would like to speak to your Community Rep please see contact details below.

- In an emergency, please phone 999 or 112, as these numbers will get an immediate response

Local Garda Station - Ballyfermot

Rossmore Avenue
Ballyfermot, D10.

t: 01 666 7200

f: 01 666 7240

Community Garda are
available on request

Essential Information

Finding a Used Syringe

If you find a used syringe in a public place or in your garden please do not ignore it and presume someone else will deal with it.

Dublin City Council is responsible for disposing of hazardous waste. Ring the following numbers and someone will come out and dispose of the syringe:

DCC Cleansing Department

t: 01 626 5122

Parks Section

t: 01 626 5064

If you find a syringe
outside working hours
or at the weekend:

t: 01 222 2222

Drug Overdose

A drug overdose is a very serious situation and the person overdosing requires IMMEDIATE MEDICAL HELP.

If somebody overdoses ring 999 immediately and ask for an ambulance.

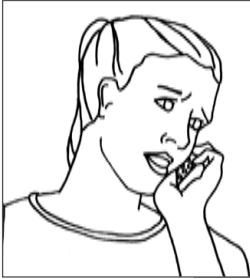

If you know what drug/s the person has taken tell the ambulance crew. This information could save their life.

Place the person in the emergency position so that they cannot choke on their own vomit.

If they stop breathing perform CPR (see diagram opposite).

The priority of the emergency services is to help the person who has overdosed and not to try and find out who else has been using illegal drugs.

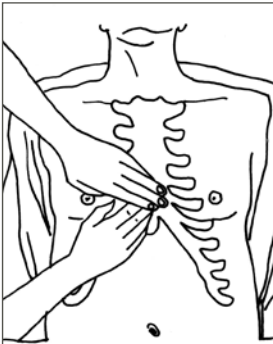

CPR

CALL - Check the victim for unresponsiveness. If there is no response, Call 999 and return to the victim. In most locations the emergency dispatcher can assist you with CPR instructions.

BLOW - Tilt the head back and listen for breathing. If not breathing normally, pinch nose and cover the mouth with yours and blow until you see the chest rise. Give 2 breaths. Each breath should take 1 second.

PUMP - If the victim is still not breathing normally, coughing or moving, begin chest compressions. Push down on the chest 1.5 to 2 inches 30 times right between the nipples. Pump at the rate of 100/minute, faster than once per second.

CONTINUE WITH 2 BREATHS AND 15 PUMPS UNTIL HELP ARRIVES

NOTE - This ratio is the same for one-person & two-person CPR. In two-person CPR the person pumping the chest stops while the other gives mouth-to-mouth breathing.
