PQ 31992/17

* To ask the Minister for Health the budget for drug prevention, treatment and rehabilitation projects in each of the past five years; the projected budget for 2017; and if he will make a statement on the matter.

Dear Deputy Chambers,

The Health Service Executive has been requested to reply directly to your above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position:

The following table outlines the total expenditure attributed to addiction services nationally for the past 5 years. It is expected that the allocation for 2017 will be in the region of €117m:

Table: Expenditure attributed to Addiction Services within Social Inclusion

2012	2013	2014	2015	2016 (allocation)
€90.75m	€90.391m	107.691m	€113.587m	€114m

In addition, other areas of the HSE provide services to clients with addiction problems including Health Promotion, Mental Health, Acute Hospitals Services, Emergency Departments & Primary Care as well as other departments/organisations that have allocations that are attributable to drugs programmes and the objectives of the National Drug Strategy.

I trust this information is of assistance to you but should you have any further queries please contact me.

Yours sincerely,

Joseph Doyle
