Foreword by the Minister for Justice and Equality

Charles Flanagan T.D.
Minister for Justice and Equality.

Minister of State with Special Responsibility for Equality, Immigration, and Integration
David Stanton T.D.

Minister of State with Special Responsibility for Disability Issues
Finian McGrath T.D.

Minister of State with Special Responsibility for Trade, Employment, Business, EU Digital Single Market and Data Protection, Pat Breen T.D.

I am pleased to present the 2016 Annual Report for the Department of Justice and Equality, which sets out progress achieved by my Department over the second year of implementation of the Department's Strategy Statement 2015-2017. The Strategy outlines how the Department will implement Programme for Government commitments and it is evident that much work was progressed and delivered in 2016, while new challenges – none less than the UK decision in June 2016 to exit the EU – were faced.

I wish to pay tribute to the work of my predecessor, former Tánaiste and Minister for Justice and Equality, Frances Fitzgerald, during this period and acknowledge the important reforms she initiated, chief among them the establishment of the Policing Authority in January 2016 to oversee the governance, structures and performance of An Garda Síochána. The Policing Authority, which provides a new forum for oversight of policing services in Ireland, is just one aspect of the extensive programme of Garda reform, which is continuing and which is now accompanied by other significant developments including the work of the Commission on the Future of Policing in Ireland.

Also significant in 2016 was the commencement of the International Protection Act 2015 providing for the introduction of a single application procedure for people seeking international protection. This is the most substantial reform in this area in two decades and will provide certainty of status at an earlier stage for those entitled to seek international protection in the State. I am pleased to acknowledge the broad spectrum of work delivered by my Department in 2016 and privileged to have been appointed Minister for Justice and Equality by Taoiseach Varadkar on 14 June 2017. I look forward to continuing to work with my ministerial colleagues in the Department and my officials across the entire Sector in delivering the ambitious commitments of the Programme for Partnership Government, important reforms and the responsibilities of my Department to support a safer and fairer Ireland.

Charles Flanagan T.D.
Minister for Justice and Equality

Introduction by the acting Secretary General

**Acting Secretary General
Oonagh McPhillips**

1916 saw momentous events in the history of our nation, events that set us on the path towards establishment of our State as an independent nation. There have been many developments and achievements in the areas of Justice and Equality in the 100 years since then and this Department and its Agencies continue to work to deliver our mission of a safe and fair Ireland. Of particular focus in 2016 was addressing the significant increase in gang-related murders and assisting our EU partners in relation to the EU migrant crisis, with strong measures and programmes implemented in respect of these.

There were many other important objectives delivered over the course of the year across the broad range of functions and policy areas for which the Department is responsible. These included: the establishment of the Policing Authority; the expansion of the Joint Agency Response to Crime programme following a very successful pilot; the introduction of a single application process for protection applicants; the enactment of many pieces of key legislation under the Government's legislative programme as well as the launch of a number of important equality strategies. The first Justice and Equality Sector Annual Conference was also held in 2016, bringing together senior management from across the Department and the wider justice and equality sector discussing the theme of Delivering Justice and Equality through Integrated Policy & Implementation. Section 2 of the Annual Report provides a snapshot of the year by quarter, while in Section 3 the information is structured along the lines of the Strategy Statement 2015-2017, outlining progress against the strategy objectives of each Programme.

I would like to take this opportunity to commend the professionalism and commitment of staff members across the Justice and Equality Sector in ensuring that we deliver our mission.

Oonagh McPhillips
Acting Secretary General

1 - STRATEGIC CONTEXT AND OVERVIEW

OUR MISSION

To maintain community and national security, promote justice and equity, and safeguard human rights and fundamental freedoms consistent with the common good

This Annual Report reports on progress on actions set out in our Strategy Statement 2015-2017. This Strategy was developed in the context of the Department's Vision, Mission Statement and Values and outlines the strategic actions to be implemented over the lifetime of the strategy, grouped under six high level programmes:

The total gross expenditure for the Justice Vote group in 2016 was €2.436 billion of which €2.291 billion relates to current expenditure and the balance of €145 million is capital expenditure. The Justice Vote Group consists of 8 Votes- the Department of Justice and Equality, An Garda Síochána, the Policing Authority, the Irish Prison Service, the Courts Service, the Property Registration Authority, the Irish Human Rights and Equality Commission and the Valuation Office. The Secretary General of the Department is the Accounting Officer for the Department's Vote and the Irish Prisons Service Vote – see 4.3 Financial Tables.

2 - 2016 IN REVIEW

The implications for the Justice and Equality Sector of the UK decision to exit the EU received priority attention during 2016. While the UK exit will have an impact across many of the Department's areas of responsibility, issues of particular significance arise in relation to the maintenance of the Common Travel Area and for police and judicial cooperation. The Department played an active role in preparations underway across the Government to minimise the impact of Brexit, and to prepare for Article 50 negotiations.

The Department continued actions to promote national security and to support An Garda Síochána in tackling crime, including combating terrorism of all kinds as well as serious and organised crime. In its first full year of operation since its initiation in November 2015, Operation Thor has been successful in tackling a rise in burglary and related offences, with CSO statistics showing a 30% reduction in the levels of burglaries in the period. 2016 saw a marked increase in violent organised crime. As part of Garda action to tackle organised crime, Operation Hybrid, which is designed to produce an armed response to organised crime in the Dublin Metropolitan Region, commenced in February 2016. The Operation incorporates a number of hi-visibility armed checkpoints and patrols, with the goal of disrupting the activities of violent criminals and address public concerns about community safety, particularly in the Dublin region. During 2016, two major new Garda Units were established. The Garda Special Crime Task Force has been in operation in the Dublin Metropolitan Region since July 2016 and is focussing relentlessly on persons involved in organized criminal activities, working in co-operation with the Revenue Commissioners and Department of Social Protection. The new dedicated Armed Support Unit for the Dublin Metropolitan Region was launched on 14 December 2016, and is now operational on a 24/7 basis. The establishment of the new ASU has enhanced the armed support capability of Gardaí in Dublin.

The Criminal Justice Strategic Committee delivered a substantial work programme during the year, involving a range of shared projects designed to improve outcomes across the criminal justice system, including the areas of leadership development, youth crime, victims' rights, alternatives to prosecution, data needs and interoperability, and efficiencies in the management of criminal cases in the courts. This Committee was established in 2015 to drive advanced co-operation and collaborative change across the criminal justice sector. It is chaired by the Secretary General of the Department and includes the Garda Commissioner, the Director of Public Prosecutions and the Heads of the Courts Service, the Irish Prison Service, the Probation Service, the Legal Aid Board, Forensic Science Ireland and the Policing Authority.

The Department progressed a significant amount of legislation during the year, ensuring that Government legislative priorities were delivered and it continued to implement the final phase of its Programme for Change.

January-March:

- **Establishment of the Policing Authority**

The Policing Authority was established in January 2016 to provide a new, effective and independent forum for the public oversight of policing services in Ireland. Its core functions are to oversee the performance of An Garda Síochána in relation to policing services, to promote public awareness of policing matters and to promote and support the continuous improvements in policing in Ireland. Other functions include approving Garda strategy statements and annual policing plans, setting priorities and performance targets for the Garda Síochána, establishing a code of ethics that includes standards of conduct and practice for members of the Garda Síochána and making appointments to senior Garda ranks. The Authority can also request the Garda Síochána Ombudsman Commission and/or the Garda Síochána Inspectorate to initiate an inspection or inquiry or to examine Garda practices or procedures.

- **Fines (Payment and Recovery) Act 2014 commenced**

The Fines (Payment and Recovery) Act 2014 was commenced in January 2016, marking an historic day for the fines payment system in Ireland. This delivers on the Programme for Government commitment to introduce attachment of earnings to recover unpaid fines. Under this Act, the law has been radically reformed in relation to the payment and recovery of fines, with imprisonment no longer the automatic response for non-payment of fines.

- **Publication of the Second National Strategy on Domestic, Sexual and Gender-based Violence 2016-2021**

This whole of Government strategy was launched by the Tánaiste on January 2016 and envisages a range of actions to be implemented by State, voluntary and community sector organisations aimed at preventing and responding to domestic, sexual and gender-based violence. A related new national awareness raising campaign was also announced. This is a key element supporting the Department's mission of making Ireland a safer and better place to live. Monitoring structures were developed and commenced to oversee implementation of the strategy. Victim support services were enhanced, including Garda Victim Liaison Offices as a single point of contact in accessing support and information. A reformed and consolidated Domestic Violence Bill was drafted and published to introduce certain reforms and consolidate the legislation in this area.

- [Key provisions of Children and Family Relationships Act 2015 commenced](#)
The reforms introduced by this Act recognise the increasing diversity of family life. Step-parents, civil partners and cohabiting partners will be able to apply to become guardians of a child or apply for custody. A child's best interests will be the paramount consideration for the court in proceedings on guardianship, custody or access.
- [Pardon Order made for Mr. Harry Gleeson](#)
The President, on the advice of the Government, exercised his right of pardon under Article 13.6 of the Constitution in respect of the conviction of Mr. Harry Gleeson. A review found that there were deficiencies in the case that made the conviction unsafe.
- [First Annual Report of the Independent Oversight Authority for the Garda Fixed Charge Processing System Cancellation Policy](#)
The report by Judge Matthew Deery found 'substantial compliance' with the Fixed Charge Processing System policy demonstrating that the significant and extensive reforms to the processing and oversight of requests for cancellation of penalty points have been effective in ensuring that the process is robust and fair and is operating in accordance with policy.
- [Commencement of Bankruptcy legislation](#)
Most of the provisions of the Bankruptcy (Amendment) Act 2015 were brought into force in January 2016, including a reduced bankruptcy term of 1 year. The new Act further modernises the State's bankruptcy system, removing unnecessary costs and delays for debtors and creditors, freeing up court time and resources and allowing more efficient and effective bankruptcy administration. The remaining provisions were brought into force in June 2016.
- [New Programme Management System](#)
A new programme management system, called OnePlan, was developed and was rolled out in March 2016. The system forms the core of oversight by the Management Board of the broad and complex nature of the Justice and Equality sector.
- [New Culture and Values Charter](#)
The Department developed and published a new Culture and Values Charter and a Change Team was formed to drive the integration of the charter into how we work as a Department with the goal of transforming the Department's culture.
- [Legal Panel for processing Subsidiary Protection & Leave to Remain cases](#)
A Legal Panel for Processing Subsidiary Protection and Leave to Remain cases has been established, which will help the Irish Naturalisation and Immigration Service deal with the substantial volume of applications received.

- [OECD Anti-Bribery Ministerial Conference](#)

On 16 March 2016 the OECD hosted a Ministerial meeting on the Anti-Bribery Convention at the OECD Conference Centre in Paris. Mr. Peter Mullan, Assistant Secretary, Crime & Security Division represented the Minister.

The meeting provided a unique platform to discuss measures to strengthen implementation of the Anti-Bribery Convention and to exchange ideas on combating foreign bribery and emerging issues. Particular focus points included whistle-blower protection and facilitating voluntary disclosure, international co-operation and anti-corruption compliance.

- [Criminal Justice \(Spent Convictions and Certain Disclosures\) Act 2016](#)

The Criminal Justice (Spent Convictions and Certain Disclosures) Act 2016 provides that a range of minor offences will become spent after seven years and it is estimated that about 85% of convictions will become spent after 7 years as a result of this Act. The Act does not apply to any conviction for a sexual offence or an offence that was tried in the Central Criminal Court.

- **National Vetting Bureau (Children and Vulnerable Persons) Act 2012 commenced**

The National Vetting Bureau (Children and Vulnerable Persons) Act 2012 ensures that relevant criminal convictions or other information, which gives rise to concerns regarding a person working with or seeking to work with children, is disclosed in the appropriate manner. The Act also provides for the use of soft information in regard to vetting, referred to in the Act as “specified information”. Specified information is information other than a court determined criminal conviction and the Act provides that such information is only disclosed where it raises a bona-fide concern that a person poses a threat to children or vulnerable persons.

- **Minister's functions devolved to Policing Authority**

The Commencement Order for section 17 of the Garda Síochána (Policing Authority and Miscellaneous Provisions) Act 2015 was signed by the Tánaiste in May 2016. The effect of the Order was to enable the Policing Authority to assume its statutory functions in relation to the civilian staff of An Garda Síochána. The focus of the Summit was on international action to meet the following key objectives: deterring corruption; ending impunity for those who commit corruption and supporting and empowering those who have suffered from it. The Summit dealt with a diverse range of topics including Beneficial Ownership, Public Procurement and Fiscal Transparency, Tax, International Sport, Transparency in Commodity Markets, Reporting Corruption, Law Enforcement, Asset Recovery, Promoting Integrity in our Institutions and the International System. Ireland, along with more than 40 states gathered at the Summit, concluded a Summit Communiqué outlining the common commitments, which all will take forward in the fight against corruption.

An Appointment Management System was launched in September for registrations at the Burgh Quay Immigration Office in Dublin. The Office, which deals with the Registration of non-EEA persons living in the Dublin City and County area, transferred from the Garda National Immigration Bureau to the Irish Naturalisation and Immigration Service (INIS) in mid-2016. - [**National Action Plan to Prevent and Combat Human Trafficking.**](#)

This Plan builds on the framework set up under the first National Action Plan in 2008 to respond to an increasingly organised and sophisticated international crime. Human trafficking is estimated by international bodies to be third only to trafficking of arms and drugs in terms of profitability for international crime gangs. This plan contains 65 actions designed to crackdown on individuals and gangs involved in the crime, to support victims, to raise public awareness, and to enhance training for those likely to encounter victims.

- [**National Awareness Campaign on Domestic & Sexual Violence**](#)

Following the report of the O'Higgins Commission of Inquiry the Tánaiste and Minister for Justice and Equality, Frances Fitzgerald T.D. requested the Policing Authority to conduct a review of the policy and procedures in place in An Garda Síochána to deal with protected disclosures. The resulting report was published in November 2016. The review made several recommendations, many of which were immediately actioned by An Garda Síochána, with a follow-up process put in place to ensure that any outstanding issues are addressed. The Authority has asked An Garda Síochána to review the operation of the Policy in light of the report.

staff working in public protection to enhance collaboration and share learning between criminal justice partners.

- [**Labour Court Ruling on Garda Pay**](#)

Following intensive negotiations with the Garda Representative Association (GRA) and Association of Garda Sergeants and Inspectors (AGSI) facilitated by the Workplace Relations Commission, the Labour Court issued a recommendation in November aimed at resolving the dispute in relation to the pay and conditions of members and their access to the statutory dispute resolution bodies. On foot of the Labour Court recommendation, the GRA and AGSI agreed to defer the intended industrial action over the course of the four Fridays in November to facilitate a ballot of their membership. In December, the GRA and AGSI voted to accept the recommendation of the Labour Court. The Government, fully respecting the decision of the Labour Court as the independent industrial relations body of last resort in the State, also agreed to accept its recommendation.

- [**Launch of the new Garda Armed Support Unit \(ASU\) for the Dublin area**](#)

Plans for the ASU were announced in the wake of the vicious series of gang-related murders. In the aftermath of the feud between criminal gangs, Gardaí deployed emergency resources to help stem the violence and protect the communities most at risk. The ASU became operational on a 24/7 basis from December 2016.

- [**National Missing Persons Day**](#)

The National Missing Persons Day was marked by the annual ceremony for families and friends of missing persons in Farmleigh House in December 2016. Missing Persons Day provides an opportunity to raise public awareness of the number of people that go missing in Ireland each year. The Day commemorates those who have been reported missing and recognises the ongoing suffering for their families and friends. It also serves to raise public awareness of open or unsolved missing persons cases, and provides a platform to highlight the support services that are available to people who have lost a loved one.

3 - PROGRESS ON STRATEGY STATEMENT 2015-2017

3.1 - Implementation of a Programme of Fundamental and Sustained Organisational Change

PROGRESS MADE IN THIS AREA DURING 2016:

Implement the Programme for Change

Significant progress was made in 2016 in implementing the Department's Programme of Change.

- First Annual Justice and Equality Sector Conference**

The Department held its first annual conference for the Justice and Equality sector on 15th January 2016 in Croke Park, which brought together 180 senior officials from across the Department and its 30 agencies, with a mix of presentations and workshops. The theme of the conference was - 'Delivering Justice and Equality through Integrated Policy and Implementation'.

- Public Service Reform**

Integrated reform delivery measures were agreed with the Department of Public Expenditure and Reform and included in and monitored through the OnePlan. Good progress was made in relation to the joint project with the Office of the Government Chief Information Officer (OGCIO) to develop essential systems. The eSubmissions system for Ministerial and Secretary General's papers, and related policies was rolled out and is now used for all submissions to the Secretary General and to the Minister. In addition a system to support the Joint-Agency Response to Crime programme, called e-JARC was piloted and is regarded by the joint-agency teams implementing the pilot as a hugely beneficial development and an essential support in expanding the highly successful collaborative approach to dealing with prolific offenders.

- Review business planning and risk management processes and develop a new Strategy Statement (2016-2019) in consultation with stakeholders and an annual implementation Plan setting out key priorities. Monitor progress on an ongoing basis.

The Department critically reviewed its business planning and risk management processes to ascertain that they adequately met the organisation's requirements. There was ongoing oversight of the processes during the year by the Risk Committee.

Following the formation of the new Government, a new Strategy Statement covering the period 2016 to 2019 was approved by Government in December 2016 and was laid before the Oireachtas in early 2017. The OnePlan, a unified implementation plan covering all of the Department's key strategic objectives, was published. An associated new programme management system to support the Management Board's oversight of its strategic programmes and focused discussion of key strategic issues went live in April 2016.

- Develop an Integrated Reform Delivery Plan for 2016 that draws together the major reforms across the justice and equality sector and monitor and report on implementation
- An Integrated Reform Delivery Plan (IRDP) was developed for 2016 covering major sectoral and cross-sectoral reform projects, which were incorporated into the Department's OnePlan.
- Establish new structures for engagement with agencies - Criminal Justice Strategic Committee and the Network of Civil Agencies

The Criminal Justice Strategic Committee, chaired by the Secretary General and made up of the Heads of all the Criminal Justice bodies, met on three occasions during 2016. Its annual Work Programme is implemented by subgroups comprising officials from the criminal justice sector. Nine subgroups worked through 2016 with four of the groups completing substantive reports to the Strategic Committee. These reports contained proposals on: a leadership programme for the sector; enhancements to the current schemes for alternatives to prosecution, nationwide research into serious youth crime; and the development of a central hub for automated data exchange across the sector. Arising from these reports, the Strategic Committee approved a number of significant inter-agency initiatives, which are now at various stages of implementation.

The Network of Civil Agencies is a leadership network of the more diverse bodies in the sector. Its aim is to provide a strategic fora to improve performance and results as well as promote collaboration in resolving issues, improve effectiveness and establish sub-groups to oversee cross-cutting projects. The Network met twice in 2016, in September and December.

The Agency Governance Oversight Sub-Group was established by the Management Board in March 2016 to conduct the Agency Annual Overview process for Bodies under the aegis of the Department subject to the Corporate Governance Standard for Justice and Equality Bodies. This Management Board Sub-Group held six meetings relating to such Bodies/Agencies for 2016.

- **Irish Government Economic Evaluation Service**

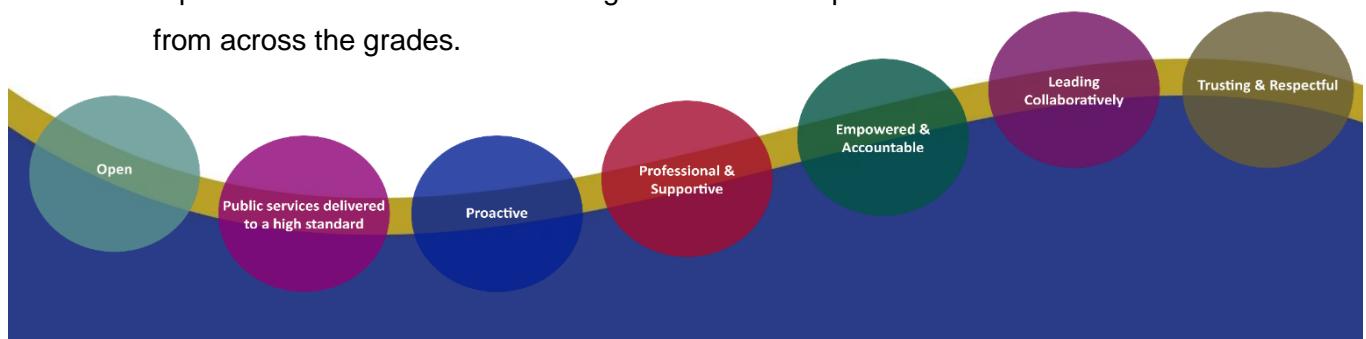

During 2016, a branch of the Irish Government Economics and Evaluation Service (IGEES) was established in the Department. The purpose of this unit was to assist in the use of data-informed policy analysis across the Department. One of the main projects of the unit during the year was to develop a model of the Irish criminal justice system. This model is at an early stage of development but gives insight into how different crimes have very different impacts for the different criminal justice agencies.

- **Strengthen communications both externally and internally**

As mentioned on page 12, the Department launched its Communications Strategy 2016-2018. Amongst its key objectives is to communicate more effectively the work of our Ministers and the Department to our stakeholders, the media, and the public. Living the values of the Culture Charter will be central to achieving its objectives. In particular, the Strategy will help us deliver on our objective of a more engaged, open and listening culture. Its implementation will be reported on periodically to the Board.

- **Develop and consult on a new cultural model**

The Culture and Values Charter for the organisation was launched in February 2016. The Charter resulted from a series of in-depth discussions with staff and stakeholders across the public service and civil society. An important element was the Department's Employee Engagement Survey, which was followed by a series of focus groups covering all areas and grades in the organisation. Common themes emerged which culminated in the identification of core values to underpin the future culture of the organisation. A Change Team was set up in June 2016 to work together advocating for a change in culture and promoting our culture and values across the Department and its agencies. The Team represents different areas of the organisation with representatives from across the grades.

- Publish an annual corporate business plan that sets clear priorities and objectives

The OnePlan 2016 is the Department's first integrated annual corporate business plan. Underpinning the plan is a new programme management system called the OnePlan Reporting System, which went live in April 2016. It provides a monthly report that facilitates overview by the Management Board of its entire strategic programme and assists focused discussion of key strategic issues. The system also facilitates the production of half-yearly and yearly reports.

- Introduce training programmes for continuous professional development

As part of the Change Programme, the Department's Culture and Values were integrated into all Learning and Development initiatives; from induction programmes for new entrants, up to and including a programme of workshops for the Management Board, with a view to improving the Organisation's capacity to engage more effectively with our external stakeholders.

- Develop leadership internally that will lead change externally

The vision, purpose and responsibilities of the Management Board have been defined in its terms of reference. The Board meets weekly to review current/emerging issues and once per month for strategic discussions. 45 meetings of the Management Board were held in 2016.

The Civil Service Renewal Plan was launched in October 2014 by the Minister for Public Expenditure and Reform and the Taoiseach. Based on developing leadership and staff engagement, the Plan outlines 25 practical actions to create a more unified, professional, responsive, open and accountable Civil Service.; to provide a world-class service to the State and the people of Ireland. The Secretary General of the Department of Justice and Equality is a member of the Civil Service Management Board (CSMB) which has collective responsibility for implementing this Plan across the Civil Service.

The CSMB met monthly during the year and 2016 saw the development of a new shared model of learning and development, putting in place a new simplified PMDS rating system, the development of a pilot mobility scheme for staff up to Executive Officer level and a new mobility scheme for principal officers. In addition, a talent management approach for Assistant Secretaries along with an enhanced performance review process for Assistant Secretaries and the Deputy Secretary was implemented during the year in the Department. A performance review process is also in place for Secretaries General.

- **Protected Disclosures**

The Department's Protected Disclosures policy is designed to facilitate and encourage all workers to raise internally genuine concerns about possible wrongdoing in the workplace to allow these concerns to be investigated in a manner appropriate to the circumstances of the case. Responsibility for organising the investigation of disclosures under the policy is assigned to the Head of Internal Audit. The Annual Report with respect to protected disclosures received in 2015 was published in August 2016.

In 2016, ten reports were received by the Department/Minister purporting to be or having the characteristics of a Protected Disclosure. Of these 7 did not relate to the Department or any Body or Agency under the Ministers remit. Of the remaining three, two were deemed on assessment not to be Protected Disclosures. The final correspondence is being treated as a Protected Disclosure.

Table 1 - Summary of Disclosures Received 2016

Recommendations made in relation to 2016 disclosures

Regardless of the outcome of the protected disclosure assessment or investigation, the process may highlight an issue of concern or compliance and an audit recommendation may be appropriate. No such recommendations were made in 2016.

3.2 - Leadership In and Oversight of Justice and Equality Policy and Delivery

The Department provides leadership and strategic direction on Justice and Equality matters and aims to ensure effective corporate governance in the Justice and Equality sector and also ensure that Justice and Equality services to the public are delivered effectively within available resources.

PROGRESS MADE IN THIS AREA DURING 2016

Define direction through consultation, collaboration and communication with all Agencies. Monitor progress through reporting on key metrics.

Following the formation of the Government the Department's Strategy Statement 2016-2019 was approved by Government in December 2016 and published in early 2017. The OnePlan system, which went live in April 2016, supports monitoring of progress across all of the Department's strategic programmes, including key Agency objectives. The Agency Governance Oversight Sub-Group conducts the Agency Annual Overview process for Bodies under the aegis of the Department.

Customer focused approaches to service delivery

The Customer Service Charter, which reinforces our values that we have committed to in our Culture Charter, and Customer Service Action Plan 2016-18 was launched in April 2016 and its purpose is to set out the standard of service and behaviour that should underpin our interactions with all customers.

Engagement with bodies under the aegis of the Department

The Department is involved in holding all of the bodies under its aegis to account on behalf of the Minister. This includes evaluating the bodies' budgets against those set down by the Minister and plans (including strategy statements, corporate plans, key risks), as well as monitoring their performance in meeting objectives and targets (including financial targets).

Structured arrangements are in place between the Department and its Agencies to ensure enhanced accountability and drive better performance and alignment across the sector. Annual Performance Delivery Agreements or Agency Governance Frameworks are in place with all Statutory Agencies. Formal governance meetings are held at least twice annually between the member of the Management Board with responsibility for the Agency and the relevant head of each Agency. A list of the Justice sector bodies is contained in Appendix 1.

3.3 - A Safe, Secure Ireland

PROGRESS MADE IN THIS AREA DURING 2016

Investment in Policing

- **Recruitment**

In September 2016, a new recruitment campaign was launched. This new campaign continues the ongoing accelerated recruitment to fulfill the Government's commitment to increase the strength of An Garda Síochána to 15,000 members. In 2016, 652 recruits entered the training college in Templemore while a further 390 recruits attested from the college. In October funding was announced to enable the recruitment of 800 new Garda recruits and 500 civilian staff in 2017.

- **Filling of critical vacancies**

Throughout the year, the Government made a number of appointments at national, regional and district level. There were 5 Assistant Commissioners, 13 Chief Superintendents and 25 Superintendents appointed. The Government is determined that there is no undue delay filling critical Garda vacancies and is determined to ensure that An Garda Síochána has a leadership team that can address the serious challenges it faces every day in maintaining law and order. From 2017, responsibility for the appointment of persons at the rank of Superintendent or above will be with the Policing Authority.

- **Garda Funding Increase**

Additional funding of €55m was made available to maintain the necessary policing response to specific criminal activities, including concentrated policing targeting gang related crime, continued intensive and strategic targeting of burglaries and related crime and continued support for measures against terrorism.

- **Funding increase for the Community Alert Programme coupled with a rebate for the Garda Text Alert Scheme**

Funding for the Community Alert Programme was more than doubled from €152,000 to €352,000 and incorporates a new €100,000 rebate scheme for local groups registered under the Garda Text Alert Scheme. The Garda Text Alert scheme is an important initiative, which allows Gardaí to provide important crime prevention messages to local communities. Muintir na Tíre administer the Community Alert Programme in partnership with An Garda Síochána and there are over 1,400 Community Alert Groups nationwide.

Ensure coherent crime policy and legislative frameworks in place, which are kept under review and which prioritise the critical reforms necessary

- **Supported coordination of Minister's initiative in relation to burglary crime: continuation of Operation Thor**

The Criminal Justice (Burglary of Dwellings) Act 2015 came into operation in January 2016. It provides an important additional layer of support to Gardaí in implementing Operation Thor, which began in November 2015. Figures released by the Central Statistics Office in 2016 showed a 31% drop in the level of burglaries in the first half of the year compared to the previous year. The regional breakdown of the CSO figures shows that Operation Thor is benefitting communities right across the country.

- First full-year operation of Ireland's new DNA database.

Forensic Science Ireland is responsible for the DNA Database and it is being populated with unidentified DNA profiles from crime scenes. Using the Database, information is supplied to An Garda Síochána about links between people and unsolved crimes. It has revolutionised the investigation of crime in this State. It can replace more traditional and time-consuming police investigative methods and provide more focus to a criminal investigation. In 2016 alone, over 9,000 profiles from persons were added to the database and approximately 520 cases have been aided by the operation of the database. The DNA database identified 428 hits in 2016, which directly assisted 625 cases.

- Fixed Charge Processing System

The Criminal Justice (FCPS) Committee continues to monitor implementation of the Inspectorate Report recommendations, a significant proportion of which have now been implemented. The first annual report of the Independent Oversight Authority for the Garda Fixed Charge Processing System (FCPS) was published in January 2016. In his report, the Oversight Authority reported that he is satisfied that there has been substantial compliance with the revised FCPS policy.

Develop cross sectoral and inter-agency partnership approaches to preventing crime and the harms caused by crime.

- Joint-Agency Response to Crime (J-ARC) interagency strategy

J-ARC is a joint strategy between An Garda Síochána, the Probation Service and the Irish Prison Service that aims to implement a multi-agency approach to the management of crime, prioritise certain prolific offenders and develop specific initiatives to address their behaviour and reduce crime thereby increasing community safety. In 2016 the Strategy expanded to three further locations: Dundalk, Limerick City and Waterford City.

Under J-ARC, the Joint Strategy on the Management of Offenders 2016 – 2018 was launched setting out a range of commitments and actions to be undertaken by the Department of Justice and Equality, Probation Service, Irish Prison Service and An Garda Síochána. The strategy acknowledges that a joint approach to our work is vital and sets out to build on existing multi-agency responses to those who are convicted and sentenced in our courts.

- Joint Strategy between the Irish Prison Service and the Probation Service

Recidivism Studies for the Irish Prison Service (IPS) and Probation Service on the 2010 cohort of offenders were published in November 2016 and show the recidivism or re-offending rate of this cohort within a 3 year period. The categories of offenders

covered by the Probation Service study were given sanctions by the Courts, such as a Probation Order or a Community Service Order. The results show that almost 63% of offenders given one of these alternative sanctions by the Courts in 2010 had not re-offended within 3 years.

The IPS Study on the 2010 cohort of offenders released from custody in 2010, show the recidivism or re-offending rate of this cohort within a 3-year period. The rate of reoffending, or recidivism within 3 years of release, for prisoners released in 2010 was 45.1%, a decrease of 2.4% on the previous year's figure.

Work is ongoing on a Research study entitled "An In Depth Examination into Irish Prison Committals 2010-2016". This includes the issue of female committals and as such is part of the Joint Women's Strategy by the Probation Service and the Irish Prison Service.

Efficient and timely processing of commitments on the Government Legislative Programme

- **Enacted the Criminal Justice (Spent Convictions and Certain Disclosures) Act 2016**
The Spent Convictions and Certain Disclosures Act 2016 is an important milestone in the rehabilitation of offenders in Ireland. This legislation brings Ireland into line with most other EU Member States in providing that people convicted of relatively minor offences can eventually leave their past behind them and get on with their lives.
- **Enacted the Proceeds of Crime (Amendment) Act 2016**
This Act provides Bureau Officers with the power to seize property, which they reasonably suspect to be the proceeds of crime and detain it for 24 hours. This 24 hour period will allow for preliminary enquires to be made. The Chief Bureau Officer is empowered by the Act to authorise its detention for a further 21 days. This period will allow CAB to prepare an application to the High Court for an interim restraining order and prevent the disposal or dissipation of the property in the meantime. The other key focus of the Act is the threshold value of property which can be pursued by CAB under the Proceeds of Crime Act 1996, which has been reduced from €13,000 to €5,000.
- **Enacted the Commission of Investigation (Irish Bank Resolution Corporation) Act 2016**
The Act was prepared in consultation with the Commission of Investigation into Irish Bank Resolution Corporation with the purpose of ensuring that the Commission had the necessary powers to effectively conduct the important investigation for which it was established.

- Other legislation progressed in 2016

Work continued through 2016 on the Domestic Violence Bill which aims to improve the protections available to victims of domestic violence. Enactment of the Domestic Violence Bill will be a major step towards Ireland's ratification of the Council of Europe Convention on preventing and combating violence against women and domestic violence, more commonly known as the Istanbul Convention.

The Criminal Justice (Offences Relating to Information Systems) Bill 2016 provides for a number of new offences in relation to unauthorised access to, or interference with, information systems and their data. It was published and presented in 2016.

The Criminal Justice Bill was published in December 2016 to strengthen the powers of the courts, and of the Gardaí, in dealing with persistent serious offenders and persons on bail, including through the increased use of curfews and electronic monitoring, to reduce the risk of re-offending.

The Independent Reporting Commission Bill, published in December, will establish the Independent Reporting Commission. This international body will have a key role in supporting the implementation of the Fresh Start Agreement's provisions aimed at ending paramilitary activity connected with Northern Ireland and tackling the criminality associated with it.

Deliver enhanced youth justice services through targeted interventions to support better outcomes for young people coming into contact with the criminal justice system

Seven new Garda Youth Diversion Projects (GYDPs) commenced operations in early 2016 in Dublin, Kildare, Tipperary and Limerick. The rollout of a new pilot mentoring service for young people coming to the attention of An Garda Síochána also commenced in 2016.

Dormant Accounts Funding is supporting these new youth justice initiatives.

A number of additional youth justice initiatives were approved for funding under the Dormant Accounts Action Plan for 2016. These are as follows:

- the major refurbishment works to the premises occupied by GYDP and the Young Persons Probation Project (YPP) in Moyross, Co. Limerick;
- the re-development of the Candle Community Trust campus in Ballyfermot from which a Young Persons Probation Project operates;
- the expansion of the GYDP service by providing additional youth justice workers to Cloyne Diocesan Youth Services and an additional Youth Justice Worker to the MOST GYDP in inner city Dublin;

- the recruitment of a QQI FETAC Coordinator to ensure the provision of a wide range of FETAC accredited training and the delivery of a quality assured bespoke programme in the Midland Regional Youth Service's GYDPs;
- the development of a Community Garden Project by Cabra Garda Youth Diversion Project;
- the provision of a community minibus for the use of the SWAN Garda Youth Diversion Project based in North inner-city Dublin.

In 2016, the Irish Youth Justice Service (IYJS) rolled out a risk/needs assessment tool to all GYDPs, following the successful piloting of it between 2013 and 2015. The Youth Level Service/Case Management Inventory (YLS/CMI) is an internationally recognised assessment tool and is used for assessment and case management planning throughout the young person's engagement with a GYDP. Approximately 4,000 young people received assistance and support from the GYDPs in 2016. GYDPs are co-funded by the Irish Government and the European Social Fund as part of the ESF Programme for Employability, Inclusion and Learning 2014 – 2020.

Active engagement with other Government Departments, North and South, and relevant Agencies. Regular bilateral meetings with Northern Ireland and UK Government

Work to support the work of the Independent Commission for the Location of Victims Remains (ICLVR) is continuing. A Commissioners' meeting in June assessed developments with open cases and the Commissioners also met with relatives of the Disappeared at the offices of WAVE trauma centre in Belfast to update them on progress. Work is continuing with the Department of Foreign Affairs and Trade and British Government officials with regard to the legacy commitments of the Stormont House Agreement and measures included in the Fresh Start Agreement.

There is ongoing cross-border cooperation in criminal justice matters within the framework of the Inter-Governmental Agreement (IGA), and the cross-border policing strategy has been revised.

The Cross-Border Organised Crime Conference in September saw the launch of The Cross-Border Policing Strategy by Garda Commissioner Noirín O'Sullivan and PSNI Chief Constable George Hamilton. It will act as the over-arching Delivery Strategy for the work of the Task Force.

The Cross-Border Public Protection Advisory Group Seminar held in November 2016 in Probation Service Headquarters in Dublin brought together representatives from police, prison, probation and government departments in Ireland North and South to consider new and

innovative practice and explore ways to further develop and increase partnership working that protects the public.

Develop programmes to improve responses to threats

- New cross-border Joint Agency Crime Taskforce established.

The Joint Agency Task Force (JATF) was established to enhance efforts to tackle cross-border organised crime in line with the priorities set by Ministers. The JATF provided its first report to the North and South Justice Ministers meeting on 4 July.

Uphold international standards and cooperation in tackling serious and borderless Crime

- Second National Action Plan to Prevent and Combat Human Trafficking in Ireland

This second National Action Plan seeks to build on the work carried out to date and set out our strategy for the coming years. It was drafted with the co-operation of our partners, both national and international, and was informed by our developing experience in this area over the past years. It also has regard to our commitments under international agreements. These include the Council of Europe Convention on Action against Trafficking in Human Beings, the UN Protocol to Prevent, Suppress and Punish Trafficking in Persons, especially women and children (supplementing the United Nations Convention against Transnational Organised Crime) and Directive 2011/36/EU on preventing and combating trafficking in human beings and protecting its victims.

- Mutual Legal Assistance

The Department continues to deal with requests for mutual legal assistance in criminal investigations, European Arrest Warrants and extradition requests as speedily as possible.

- The Central Authority for International Child Abduction

The Central Authority for International Child Abduction, based in the Department of Justice and Equality, commenced work in 1991. Under the Hague Conventions of 1980 and 1996 together with EC Regulation No. 2201/2003 (Brussels IIA), the Central Authority facilitates applications for the return of wrongfully removed children, the securing of access rights, requests for social reports, the placement of children in foster or other care situations across international borders, requests to transfer jurisdiction and requests to locate children.

The Central Authority, in co-operation with relevant competent authorities in the State such as the Courts Service, An Garda Síochána, the Legal Aid Board, the Child and Family Agency (Tusla), the Department of Foreign Affairs & Trade and the Chief State Solicitor's Office, together with national competent authorities in other Contracting States, works to facilitate the above range of applications, while keeping the welfare of children paramount. An operational protocol in this area between Tusla and the Department commenced on 1 March 2016. In 2016 the Central Authority assisted with 343 applications. The number of new applications received increased from 161 in 2015 to 187 in 2016, representing an increase of over 16% year on year. These new applications related to 258 children.

- The Central Authority for Maintenance Recovery from Abroad

Also based in the Department of Justice and Equality, the Central Authority for Maintenance Recovery from Abroad was established in 1995. The Authority helps to register and enforce child maintenance orders internationally under the UN Convention on the Recovery Abroad of Maintenance (signed in New York on 20 June 1956) and Council Regulation (EC No. 4/2009 of 18 December 2008). At any time the Unit deals with approximately 1,000 live maintenance applications.

- Cooperation with Spanish authorities in tackling organised crime

The Tánaiste, Frances Fitzgerald T.D. and the Spanish Minister for the Interior, Jorge Fernández Díaz, held a meeting in the margins of the EU Justice and Home Affairs Council in Luxembourg to discuss bilateral cooperation in the field of home affairs and, in particular, police cooperation against organised crime groups operating in both countries. The Ministers discussed the ongoing cooperation between law enforcement authorities and the positive effects of the joint team established to reinforce the combined work against organised crime groups, which operate in both jurisdictions.

Support and develop measures to improve security

- Development of the Schengen II information sharing system, to improve security and border control.

This is a major multi-year project to improve data sharing between Ireland and other EU member countries and will assist in meeting our obligations to support and enhance EU security. Good progress was made in 2016 when the contract to develop the national Schengen Information System was awarded.

International Obligations

2016 was another busy year for the Minister and Department in discharging our EU responsibilities and in communicating and representing Ireland's interests at Justice and Home Affairs Councils. Six scheduled Councils were held during the year. Issues discussed included migration and the humanitarian crisis in Europe, cybercrime, terrorism, information exchange and interoperability, fraud, and the digital single market. A further five extraordinary meetings were held. Three meetings were dedicated to addressing the refugee and humanitarian crises in Europe while one meeting was convened as an emergency response to the March 2016 terrorist attacks in Brussels.

A further extraordinary meeting was dedicated to the topics of information systems, information exchange and the interoperability of EU IT systems. International Policy Division coordinates all EU matters with the Department's Justice and Home Affairs Team based at the Irish Permanent Representation to the European Union in Brussels. The Department currently services almost 100 international bodies, working groups and conventions and this represents a huge commitment across all Divisions. With terrorism and the refugee crisis centre stage in Europe for the last few years, the requirement to support engagement by the Taoiseach and other Ministers on these issues has also grown considerably.

Implement a programme of reforms including the Policing Authority Bill and enhancing GSOC and the Garda Inspectorate

- Enacted legislation to establish the new independent Policing Authority.

The Garda Síochána (Policing Authority and Miscellaneous Provisions) Act 2015 established the Policing Authority and provides an extensive range of functions for the Authority, including functions, which were previously carried out by Government or the Minister for Justice and Equality. The Policing Authority met frequently with the Commissioner and her senior team with 13 authority meetings held in 2016, five of which were held in public.

A Governance Framework Agreement was completed and the Policing Authority Strategy Statement was presented to the Tánaiste and Minister for Justice and Equality, Frances Fitzgerald T.D. and laid before the Houses. The first liaison meeting under the Governance Framework was held between the Department and the Policing Authority on 5 October.

In terms of fulfilling its statutory functions, the Authority has approved a three-year Strategy for An Garda Síochána. It has also determined the policing priorities for 2017 which informed the content of the 2017 Policing Plan. It has reviewed and issued recommendations on the Garda Protected Disclosure policy and also published a Code of Ethics that includes standards of conduct and practice for Garda members.

On 20 December 2016, the Tánaiste signed the commencement order for the sections of the Garda Síochána (Policing Authority and Miscellaneous Provisions) Act 2015 that were necessary to transfer the appointment and removal functions for the senior ranks of Assistant Garda Commissioner, Chief Superintendent and Superintendent to the Policing Authority with effect from 1 January 2017. This completes the transfer of all intended functions to the Authority.

- **Extension to the MacLochlainn Commission of Investigation**

The Tánaiste and Minister for Justice and Equality, Frances Fitzgerald, TD, granted a further extension to the MacLochlainn Commission of Investigation, which was established to investigate the circumstances surrounding the fatal shooting of Mr. Ronan MacLochlainn by An Garda Síochána in Co. Wicklow in May 1998. The Sole Member of the Commission, Ms. Mary Rose Gearty, S.C., requested the extension following an application having been made to the High Court by a person named in the Commission's final report.

- **Approval of a Five Year Reform and High Level Workforce Plan for An Garda Síochána**

In July 2016 the Government approved a Five Year Reform and High-level Workforce Plan for An Garda Síochána. The plan addresses the implementation of both the agreed recommendations of the Garda Inspectorate report 'Changing Policing in Ireland' (part of the Haddington Road Review of An Garda Síochána) and the commitments in the Programme for Government aimed at increasing Garda visibility. The headline reforms in the plan are the setting of a medium term target of 20% civilians by 2021 to bring Ireland more into line with international norms and the rollout of the Divisional model of policing.

The Garda Commissioner's Modernisation and Renewal Programme 2016-2021 (MRP) is the vehicle for the implementation of the agreed recommendations of the Inspectorate report on An Garda Síochána. The Tánaiste requested the Policing Authority to monitor and assess the implementation of the reform initiatives by An Garda Síochána and to report

progress on a quarterly basis. The high-level workforce plan envisages a Garda workforce of 21,000 by 2021 comprising 15,000 Gardaí, 4,000 civilians and 2,000 Reserves.

- **Review of An Garda Síochána under the Haddington Road Agreement**

A review of the remuneration and conditions of service of members of An Garda Síochána and the appropriate structures and mechanism for the future resolution of matters relating to pay/industrial relations conducted by Mr John Horgan, former Chair of the Labour Court, was published on 12 December 2016. The review will be considered in the context of the development of legislation to provide access to the WRC/Labour Court to the Garda associations as agreed by Government in December 2016.

- **Inquiry established under section 109 of the Garda Síochána Act 2005**

This inquiry was established in 2015 to examine the conduct of officers of the Garda Síochána Ombudsman Commission (GSOC) in relation to its investigation into contact by members of An Garda Síochána with the victim of a road traffic incident on 1 January 2015,. The establishment of the inquiry arose following the tragic death of a Garda Sergeant who had been the subject of the GSOC investigation. The inquiry was conducted by Mr. Justice Frank Clarke of the Supreme Court and in June, Justice Clarke forwarded his report to GSOC. The Report contained a number of recommendations, including the need to review the 2005 Act to address issues related to the scope of judicial inquiries under section 109. It also made a number of recommendations related to practices and procedures by GSOC concerning how investigations are designated as criminal or disciplinary investigations and the conduct of those investigations. Part 1 of the report was published.

- **Completed the Independent Review Mechanism for consideration of allegations received by Government.**

The Independent Review Mechanism concluded its examination of a total of 320 complaints alleging Garda misconduct or problems with investigating misconduct. The Panel was established to review complaints with a view to determining to what extent and in what manner further action may be required in each case.

The issuing of notification letters to complainants concluded on 8 February 2016. The Department has been following through on the recommended actions, both formal and informal, since the notification letters issued to complainants.

The Minister asked counsel, in addition to making recommendations in individual cases, to produce a general overview Report of the issues and trends identified through this process, which was published in July. The overview report also contains a number of recommendations aimed at preventing these types of complaints arising in the future.

- A Commission of Investigation established to investigate certain matters relative to the Cavan/Monaghan Division of the Garda Síochána.

The final report of the Commission of Investigation on certain matters relative to the Cavan/Monaghan Division was published in May 2016. (The O'Higgins Commission). On receipt of the report the Minister immediately referred it to the Attorney General and was advised, in line with the provisions of section 38 of the Commission of Investigation Act 2004, to undertake a process to establish whether there was anything in the report that might prejudice criminal proceedings pending or in progress. This involved consultation with the Director of Public Prosecutions, the Garda Síochána Ombudsman Commission and An Garda Síochána. Having established that the issue of prejudice does not arise, the Minister presented the report to Government before publication. Following the report of the O'Higgins Commission of Inquiry the Tánaiste requested the Policing Authority to conduct a review of the policy and procedures in place in An Garda Síochána to deal with protected disclosures and this was published in November.

Provide financial support to voluntary sector organisations supporting victims of crime

- The Department provided financial support to more than 50 organisations supporting victims of crime.

In 2016, the Department provided funding totalling €1.462 million through the Victims of Crime office to 54 organisations supporting victims of crime. The funding allocation made available to these services in 2016 represented a 21% increase in funding for services to victims of crime compared with the 2015 allocation.

Overall victim support services continue to provide important information and support to victims of crime, including emotional support, court accompaniment, accompaniment to Garda interviews, accompaniment to sexual assault treatment units, counselling and referral to other services.

Support implementation by criminal justice agencies and voluntary sector in implementing EU Victims Directive 2012/29/EU

- The Department worked closely with statutory agencies and victims advocacy groups to progress implementation of the EU Victims Directive and published the Criminal Justice (Victims of Crime) Bill following extensive consultation with these stakeholders

The Criminal Justice (Victims of Crime) Bill 2016 was published in December. The Bill provides victims of crime with the right to comprehensive information concerning the progress of the investigation and any courts proceedings. Under the Bill there is a focus on victims as individuals and each victim will be individually assessed so that any special

measures necessary to protect him or her from secondary or repeat victimisation can be put in place during the investigation and during the court process. The Bill will transpose into Irish law EU Directive 2012/29/EU establishing minimum standards on the rights, support and protection of victims of crime.

- **Supported the establishment of dedicated Victim Liaison Offices in every Garda division.** Garda Victim Liaison Offices, under the remit of An Garda Síochána's National Protective Services Bureau, are now in place in all 28 Garda Divisions across the State. In addition, it is intended that, starting on a pilot basis in 2017 in the Cork, Louth and Dublin Metropolitan West Divisions, new Garda Protective Service Units will be put in place by An Garda Síochána across all Garda Divisions to provide a more specialist policing service in catering for victims of domestic abuse and sexual crime.

Develop new National Strategy on Domestic, Sexual and Gender-based violence

- **Second National Strategy on Domestic, Sexual and Gender-based Violence 2016-2021** The Strategy was launched in January 2016 and envisages a range of actions to be implemented by State, voluntary and community sector organisations aimed at preventing and responding to domestic, sexual and gender-based violence. In developing the strategy, Cosc – the National Office for the Prevention of Domestic, Sexual and Gender-based violence – has engaged in consultations with a wide range of State and non-State stakeholders. The Minister held two consultative forums with stakeholders to identify and finalise priorities. The strategy is a result of this work.

The 18 actions agreed by Government to enable Ireland to ratify the Istanbul Convention, including the introduction of the Domestic Violence Bill and the Criminal Justice (Victims of Crime) Bill, have been incorporated into the Second National Strategy on Domestic, Sexual and Gender-based Violence 2016-2021. Work is underway in implementing the actions.

- **Second National Strategy Action Plan Awareness Campaign**

The national awareness campaign 'What would you do?' launched on 16 November 2016 is a key action of the Strategy. The campaign aims to increase the awareness of domestic and sexual violence, to bring about a change in established behaviours and attitudes and to activate bystanders with the aim of decreasing and preventing this violence. A bystander approach to ending domestic violence is about enabling people in the community to prevent and intervene if it is safe and legal to do so.

Ensure a whole of Government Approach in addressing offender behavior including reducing reoffending

- Support the Joint Strategy between Irish Prison Service and Probation Service, which sets out an integrated response to offender management and aims to help reduce the risk of reoffending

Recidivism Studies for the Irish Prison Service and Probation Service on the 2010 cohort of offenders were published in November 2016 and show the recidivism or re-offending rate of this cohort within a 3-year period. Work is ongoing on a research study that includes the issue of female committals and as such is part of the Joint Women's Strategy by the Probation Service and the Irish Prison Service.

- Strengthen the supervision of prolific repeat offenders post release to reduce the risk of reoffending

In September 2016 the first Joint Strategy for the Management of Offenders was launched and the initiative was extended to Dundalk, Limerick and Waterford cities. The Joint Strategy, drawn up by the Probation Service, the Prison Service and An Garda Síochána, sets out a range of agreed key objectives and supporting actions for the enhanced management of offenders, to be advanced on an inter-agency basis in the period 2016-2018. It places particular emphasis on the management of prolific offenders, sex offenders, perpetrators of domestic violence, combined with a strong focus on the rights and protection of victims of crime.

The Act further provides that the appointment of a receiver to recover an unpaid fine will be an option available to the Court. Where a recovery order or an attachment order has been imposed but where the fine or a portion of the fine remains outstanding, a community service order may be made as an alternative to prison. The UN CRPD, among other things, provides that reasonable accommodation (i.e. practical help to

ensure that the person with a disability can, for example, access a service) be provided for people with disabilities in the areas of employment and provision of services. The Bill will strengthen the rights of people with disabilities in that regard in relation to public services and services provided by commercial bodies whose activities are regulated for quality of service, viz-a-viz banks, credit unions, insurance companies, telecommunications and transport providers.

It establishes a modern statutory framework to support decision-making by adults who have difficulty in making decisions without help. New administrative processes and support measures, including the setting up of the Decision Support Service within the Mental Health Commission, must be put in place before the substantive provisions of the Act can be commenced. A high – level Steering Group comprised of senior officials from the Department of Justice and Equality, the Department of Health, the Mental Health Commission and the Courts Service was established in 2016 to oversee the establishment and the commissioning of the Decision Support Service and this work is ongoing.

- Relatives of a child such as grandparents or those acting *in loco parentis* will be able to apply to have access to children more easily in the context of relationship breakdown.

This provision is not retrospective so guardianship will only be acquired automatically where the parents live together for at least 12 months after 18 January 2016.

Deliver Legislative priorities undertaken at Government & international level

- [Civil Liability \(Amendment\) Bill](#)

The drafting of this Bill was completed in 2016. The primary purpose of the Bill is to empower the courts to make awards of damages in cases of catastrophic personal injury by way of periodic payments orders. The Bill will enable persons who have been catastrophically injured to receive the payments relating to their ongoing care in the form of periodic payments (i.e. annual payments for the duration of the person's life) as opposed to the current 'lump sum' system. The Bill will give long-term security to catastrophically injured persons that their care needs will be covered for the duration of their lives. The Bill addresses the concerns raised repeatedly by the courts that the absence of such legislation has meant that the best option for a catastrophically injured person in the form of a periodic payments order has not been available.

- [Assisted Decision-Making \(Capacity\) Act 2015 \(Commencement of Certain Provisions\) Order 2016 \(Statutory Instrument 515/2016\)](#)

- [Mediation Bill](#)

Drafting of the Bill was completed in 2016. New national service to standardise supports available to borrowers in mortgage arrears

- The Mortgage Arrears Resolution Service

There are also provisions for an extended duration of payments to creditors, if the bankrupt person attempts to mislead the ISI as to the true value of their income or conceals assets via transfers to 3rd parties, or does not co-operate with the bankruptcy process. A bankrupt person will regain their ownership of their home, subject to any mortgage, after 3 years, if steps have not been taken to sell it for the benefit of creditors within that period. The Act also includes some key reforms to modernise and streamline bankruptcy procedures, and remove unnecessary delays and costs to the parties and the taxpayer.

3.6 - An Efficient, Responsive and Fair Immigration, Asylum and Citizenship System

PROGRESS MADE IN THIS AREA DURING 2016

Residence: Living in Ireland for Work, Study or Family Reasons

- Non-EEA citizens resident in Ireland

All non-EEA nationals living in the State for longer than 90 days are required to register with An Garda Síochána. The number of non-EEA nationals with permission to live in Ireland is approximately 115,000, compared to 114,000 at the end of 2015. The majority of persons with permission to remain in the State are here for work or study purposes.

- Applications to INIS for permission to live in the State

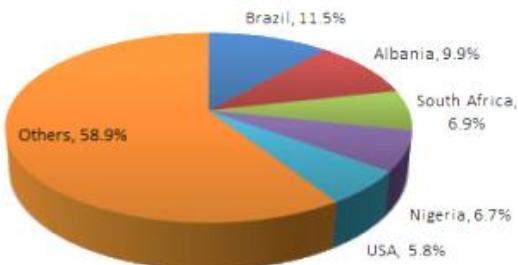

Certain types of application to live in the State need to be made to the Minister through INIS. Once their permission is granted, these people must register with An Garda Síochána as a legal resident. The Residence Division of INIS received approximately 14,500 such applications in 2016.

Continued rigorous control of Ireland's borders and immigration procedures to combat immigration abuse

- Deportations and Removals from the State

Approximately 4,446 persons were deported/removed from the State in 2016. This figure comprises some 3,951 non-EU nationals who were refused entry into the State at ports of entry and were returned to the place from where they had come. In addition, 428 failed asylum seekers and illegal migrants were deported from the State, 67 EU nationals were returned to their countries of origin on foot of an EU Removal Order and 42 asylum seekers were transferred under the Dublin Regulation to the EU member state in which they first applied for asylum. A total of 187 persons chose to return home voluntarily in 2016. Of that number, 143 were assisted by the International Organisation for Migration (IOM).

Top 5 Countries of Origin of Deported / Removed Persons in 2016

Important changes to the Immigration Acts, provided for in the International Protection Act 2015 will also assist in respect of the State's capacity to enforce deportation orders in certain circumstances where the subject of the order seeks to evade or frustrate their deportation. These amendments will improve the effectiveness of existing legislative provisions allowing for the arrest, detention and removal of non-nationals against whom a deportation order is in force and removal from the State of persons refused leave to land.

- [Public Consultation on a review of Ireland's Immigration Policy for non-EEA retirees who wish to retire in Ireland](#)

Over a number of years a steady stream of applications has been received from retired persons seeking to come and live in Ireland. The number of applications in 2015 was of the order of 100 with an additional 150 renewals of permissions granted in earlier years. In order to bring greater clarity and consistency to the area and to take account of some of the economic issues involved, guidance was published on the Irish Naturalisation and Immigration Service (INIS) website in March 2015. In the light of the experience gained since then, the Minister launched a public consultation on a review of Ireland's immigration policy for non-EEA retirees who wish to retire in Ireland to seek the views of interested stakeholders on the outcome of this internal review.

Some of the key changes proposed include:

- A proposal to reduce the net annual income requirement for applicants from €50,000 per applicant to €40,000 per applicant (€60,000 in the case of a couple applying jointly);
- A proposal to introduce mandatory pre-clearance for applicants rather than allowing applications from within the country as is currently the case;
- A proposal to limit the scheme to non-EEA retirees to Ireland who can demonstrate a close connection to this country.
- [New Arrangements for Employment of Non EEA Workers in the Fishing Industry](#)

The Scheme is an extension of the Atypical Working Scheme, administered INIS, and is being introduced following a series of recommendations made by the Government Task Force on Non-EEA workers in the Irish Fishing Fleet in December 2015. The scheme provides a structured, transparent framework for the employment of non-EEA workers within defined segments of the Irish commercial sea-fishing fleet. The requirements of the Scheme will minimise the risk of exploitation and ensure that workers are guaranteed all appropriate employment rights and protections during their period of employment. After 15 May 2016 all non-EEA workers intending to work in the fishing industry must first obtain an Atypical Worker Permission from INIS and Visa clearance, if applicable, prior to entering the State.

- Improved Security in the Immigration Process

Ireland continued to progress a broad series of initiatives to strengthen border security. In November 2016 an automated connection to INTERPOL's Lost and Stolen Travel Documents database was rolled out by An Garda Síochána to all international airports and seaports in the State. Within the first eight weeks of operating systematic checks against this Database, over 700,000 documents were searched, with a number of people being refused entry to Ireland on the basis of an alert on the system having been triggered. In addition, the introduction of a system to enhance identity document checks as part of the Citizenship process has resulted in the earlier detection of fraudulent claims.

Irish Refugee Protection Programme

- The Irish Refugee Protection Programme was established in September 2015 as part of the Government's response to the migration and refugee crisis in central and southern Europe, to provide safe haven for persons seeking international protection.

By the end of 2016, under the EU's relocation pledge system, Ireland had taken in 240 people, mainly Syrian families, from Greece. The Greek programme is now working very well and Ireland will meet its full obligations to Greece. Unfortunately, because Italy does not permit security assessments on her territory by other police forces, Ireland is currently unable to take asylum seekers from Italy. However, Ireland continues to work with Italian colleagues to try to resolve this aspect of the relocation programme. Teams from the IRPP and An Garda Síochána have travelled to Athens to interview groups of asylum seekers due to arrive in Ireland. Experienced personnel from Tusla, the Child and Family Agency, have also accompanied the IRPP teams in order to interview unaccompanied minors and meet Greek officials regarding a regular intake of unaccompanied minors from Greece.

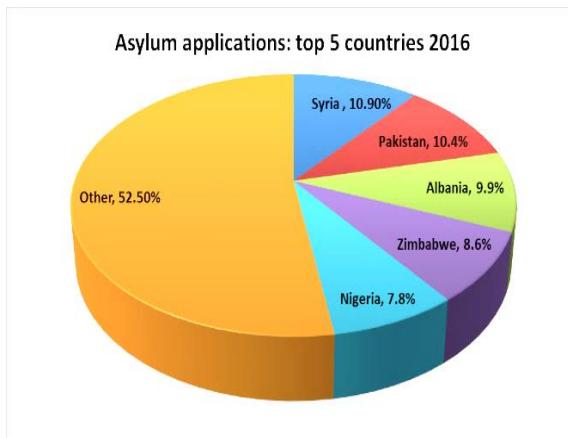

A protection Bill to provide for a Single Procedure for Protection applicants with the aim of reducing processing times and, as a result, the length of time spent in the Direct Provisions System

- The International Protection Act 2015

On 31 December 2016, the Tánaiste and Minister for Justice and Equality, Frances Fitzgerald TD, commenced the principal provisions of the International Protection Act 2015, providing for the introduction of a single application procedure for people seeking international protection. The 2015 Act replaces a sequential asylum application system with a single application process, bringing Ireland into line with the processing arrangements of all other EU Member States. The Act is the most substantial reform in the international protection application area in two decades and the new single application

process will determine certainty of status at an earlier stage for those entitled to seek international protection within the State. All applications for international protection from 31 December 2016 will be processed under the new arrangements in the new International Protection Office of INIS (replacing the Office of the Refugee Applications Commissioner) and any appeals arising will be heard by the new International Protection Appeals Tribunal (replacing the Refugee Appeals Tribunal). Three separate stand-alone provisions relating to immigration and deportation were commenced earlier in 2016.

Asylum applications

2,244 asylum applications were received in 2016 as compared to 3,276 in 2015 (32% decrease). The decrease is due, almost exclusively, to the reduction in applications from Pakistan and Bangladesh, with many such applicants showing previous immigration history in the UK.

Subsidiary Protection

The Office of the Refugee Applications Commissioner has made substantial progress in addressing its subsidiary protection caseload. In 2016 it processed 641 cases to completion. At the end of the year, there were 406 cases pending, 64 of which are to be processed under the European Union (Subsidiary Protection) Regulations 2103 and the remaining cases to be processed under the transition provisions of the International Protection Act 2015.

Working Group to recommend to the Government what improvements should be made to the State's existing Direct Provision / protection process.

- The Report of the Working Group on the Protection Process including Direct Provision and supports to asylum seekers was presented to Government and published in June 2015, and made 173 recommendations.

The third progress report on the Report of the Working Group on Improvements to the Protection Process, including Direct Provision and other Supports for Asylum Seekers was provided at a meeting of NGOs on 16 June 2016. The Tánaiste reported that a total of 91 have been implemented, a further 49 recommendations have been partially implemented or are in progress, and the balance remain under consideration.

A key recommendation of the Working Group was the introduction of a single application procedure for the protection process. The International Protection Act, which provides for such a procedure, commenced on 31 December 2016. The Act responds to 26 of the Working Group's recommendations and can be expected to positively address the crucial issue of the length of time that applicants spend in the process and in the Direct Provision system; another key concern of the Working Group.

It is estimated that the majority of those identified in the Report as being over five years in the Direct Provision system and whose cases have no impediments to progress, such as pending judicial review proceedings, have now had their cases processed to completion, which has been a key achievement. The Task Force set up to examine important integration supports reported that 87% of people granted status had moved into the wider community within six months of being granted status. There has also been progress towards improving the daily lives of asylum seekers in Ireland while their application is being processed. In January, an increase to the Direct Provision Allowance for children was announced, the first such increase since the introduction of the payment some sixteen years ago. Prescription fees for all Direct Provision residents, both adults and children, have also been waived. Issues such as access to cooking facilities and increase in living space have also been progressed. Following a series of internal discussions with operational staff, a number of centres have been identified on which efforts will be focussed to increase the living space available to each family and to introduce communal or self-catering facilities. Work is proceeding with the installation of facilities and systems in some centres to manage the provision and distribution of fresh food to residents. By year end arrangements were well advanced in facilitating access for protection applicants to the Offices of the Ombudsman and the Ombudsman for Children.

Civilianise frontline immigration controls at Dublin Airport and other major ports of entry

- [Civilianisation of frontline immigration control procedures at Dublin Airport](#)

In September 2014, Minister Fitzgerald announced a major programme to civilianise immigration functions currently undertaken by members of An Garda Síochána. One function to be civilianised is frontline immigration checks at Dublin Airport. On 22nd June 2015, Immigration Officers from INIS took on full 24/7 responsibility for passport checks at Terminal 1. The transfer of functions at Terminal 2 will be completed in 2017, at which time almost 150 civilian staff will be deployed at the airport, giving rise to the release of an equivalent number of Garda resources for operational duties, including investigations into immigration-related crime such as people smuggling and fraudulent applications to live in the State. In 2016, the immigration services at the airport's two terminals processed 13.8 million passengers. Dublin Airport had its busiest ever year, with a

record 27.9 million passengers travelling through its halls, an increase of 11% on the previous year and more than four times the population of Ireland.

The Border Management Service works closely with the Dublin Airport Authority and airlines to ensure an effective and efficient service is provided to customers. In 2016, as part of its overall border management programme, INIS conducted a competitive procurement for the supply of self-service, automated border control gates.

Rationalise and civilianise registration function around a small number of hubs

- Citizens from outside the EEA or Switzerland who are resident in the State for more than 90 days must legally register their presence in the State through a process known as 'registration'. There were 95,701 foreign national registrations in 2016; approximately 41% of these were first-time applications, the remainder were renewals by existing residents.

For many years, An Garda Síochána (AGS) have delivered Registration and Permission services at the main office at Burgh Quay, Dublin and approximately 70 Garda offices nationwide. As part of a programme to civilianise and modernise the delivery of immigration services, the responsibility for registrations in Dublin transferred from the Garda National Immigration Bureau to INIS in 2016.

The transfer will free up Garda resources from managing the registration office in Dublin in order to focus on operational areas re investigation of immigration-related offences. It also provides the opportunity for INIS to streamline its processes between the frontline registration office and back office units to reduce paperwork and respond more efficiently to customers needs.

The Garda civilian staff working in the registration office transferred to the Department of Justice and Equality in July 2016 and the service is now managed operationally by INIS. In parallel with the transfer, INIS introduced a number of process changes to manage the demand experienced at the office, especially during September and October which is the start of the academic year. For example, an appointment management system was put in place to allow applicants to book a time slot of their choosing for registration, rather than queuing.

Continue citizenship ceremonies

10,044 citizenship certificates were issued in 2016. INIS also notes the ongoing success of the citizenship ceremonies of which there were 9 such events in 2016. As part of the Easter Rising commemorations, a special citizenship ceremony took place in Waterford City Hall, marking the first raising of the tricolor by Thomas Francis Meagher in Waterford in 1848.

CITIZENSHIP CERTIFICATES ISSUED IN 2016:

TOP 5 NATIONALITIES

Since the implementation of the far-reaching reforms to the citizenship process in 2011, decisions have been made in over 100,000 applications and the processing time for the majority of standard applications has been reduced from 31 months to around 6 months, despite a significant increase in valid application volumes in the intervening period. In addition, the introduction of a system to enhance identity document checks as part of the Citizenship process has resulted in the earlier detection of fraudulent claims

Process visa and immigration applications in a timely manner

• Visa Applications Processed

A total of 124,225 entry visa applications for both short and long stays were received in 2016, an increase of over 7% on 2015, and a cumulative increase of 41% since 2012. The overall approval rate for entry visa applications was 90%. The top 5 nationalities applying for visas in 2016 were India (20%) China (13%) Russia (10%) Pakistan (8%) and Turkey (5%). The number of re-entry visas applications processed in 2016 was almost 45,000, an increase of 10% on the 2015 figure.

Entry visa applications lodged 2012 - 2016

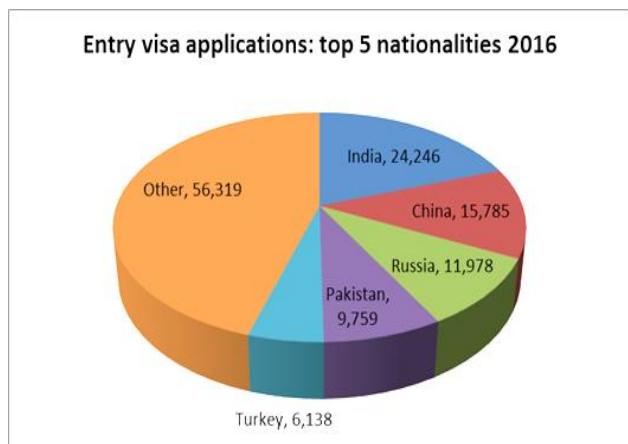

- **Online Appointments**

For a number of years, the Burgh Quay Public Office in Dublin saw early morning queues form as people sought to access the registration service and the over-the-counter re-entry visa service, which were delivered on a first come, first served basis. As part of its customer service agenda, INIS has put in place a number of measures to address this particular issue. In November 2015, an online booking system, accessible at reentryvisa.inis.gov.ie was launched to allow customers to book a time for their re-entry visa application at Burgh Quay. Customers may use this service in addition to applying by registered post and there is no need for anyone to queue for a re-entry visa. From the launch of the re-entry visa system to the end of 2016, over 30,000 people have booked an appointment for the service.

In September 2016 an online appointments system for registrations at the Burgh Quay Immigration Office was launched. This can be accessed from the INIS website and at burghquayregistrationoffice.inis.gov.ie. The system went live in time to meet the demands of the busy academic year registration period, and during this time to the end of the year, over 25,000 people booked an appointment for the service. Both of these systems allow customers to select a date and time for the service they require, and have replaced the ticketing systems that had previously been in use.

Rollout of British-Irish Visa Scheme (BIVS) commencing with applications from India and China

The scheme allows the holders of short-stay visas to enter either Ireland or the UK and travel freely between both countries. 18,635 of the visas issued in 2016 were “BIVS endorsed”. These schemes are regarded by tourism promotion agencies as a success from their inception and have contributed to ongoing increases in tourism. It is expected that they will continue to provide a significant boost to efforts to attract more visitors to Ireland from these countries. In conjunction with UK partners an evaluation of the scheme, as it is operating in China and India, is underway. Once the evaluation has been finalised, extension to other locations will be progressed. Agreement has been secured from the UK to share a further 3 Visa Application Centres in China, and the required permission of the Chinese authorities is currently being sought. This would increase the number of such Centres from 12 to 15.

- **Improvements to INIS Website**

Over the course of 2016, INIS progressed the redevelopment of its website www.inis.gov.ie to deliver content with greater customer focus. The Citizenship, Registration, Asylum and Immigration guidance and customer contact information have all been completely overhauled to deliver information to our customers in a much more user-friendly and intuitive way.

Exchange of information and intelligence with our UK partner

- **Sharing of immigration data between Ireland and the United Kingdom**

The collection of biometrics as part of the Irish visa application process is continuous and systems have been put in place to facilitate the automated and seamless sharing and cross-checking of information. The enhancement of intelligence gathering capability and exchange of information with the aim of enhancing traveler security and migration control is an ongoing priority for the Department with a number of long-term projects being worked on.

Ongoing Cooperation with the United Kingdom Government

- **The UK Departure from the EU and the Common Travel Area**

Both The Irish and UK Government have expressed their strong intent that the Common Travel Area remain in place after the UK leaves the EU. The Department is chairing a cross Departmental Common Travel Area workshop to assess the issues arising and to assist in preparing the Government's approach to the Article 50 negotiations.

Overview of Energy Usage in 2016

The Department is currently on course to meet its statutory obligation to reduce energy consumption by 33% by 2020 (over a 2009 baseline). Returns are made to the Sustainable Energy Authority of Ireland (SEAI) on an annual basis, and the performance scorecard, based on these returns is outlined below.

In general, Agencies of the Department are responsible for reporting their own energy consumption to the SEAI, and their consumption is not included in these figures.

The offices included in this report consumed the following levels of energy over the last three years:

Year	Electricity (kWh)	Gas (kWh)	Oil (litres)	Diesel (litres)
2016	3,224,869	1,940,628	39,415	924
2015	3,658,573	2,059,010	29,141	1,395
2014	3,847,118	1,643,883	32,656	1,716

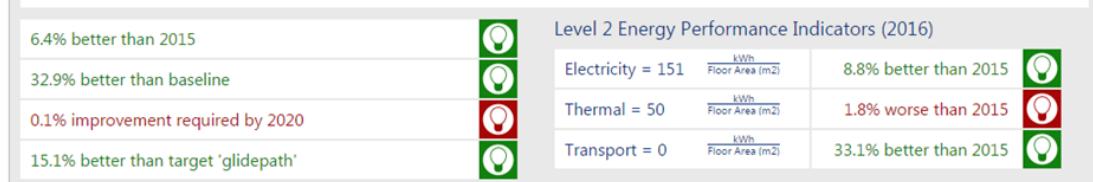

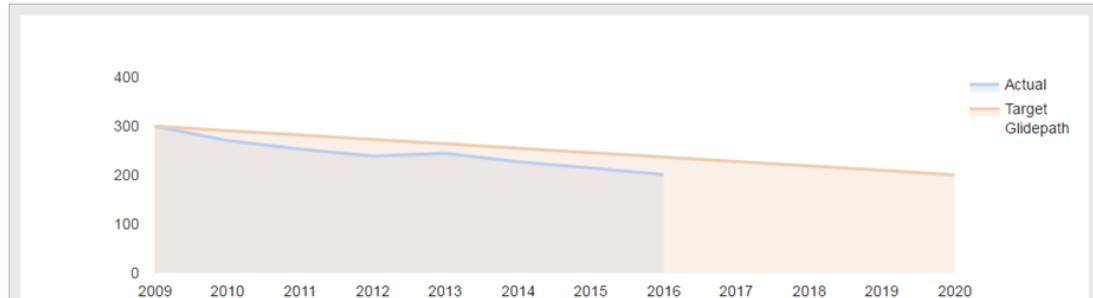

Initiatives taken during 2016

The Department has, throughout 2016, continued to work with the Office of Public Works (OPW) via its Optimising Power @ Work campaign to focus on staff awareness campaigns, behavioural change and minor works projects that generate savings in energy usage.

Is cúis áthais dom Tuarascáil Bhliantúil 2016 don Roinn Dlí agus Cirt agus Comhionannais a thíolacadh. Sa Tuarascáil Bhliantúil seo, leagtar amach an dul chun cinn a rinne mo Roinnse sa dara bliain de chur chun feidhme Ráiteas Straitéis na Roinne 2015-2017. Leagtar amach sa Straitéis conas a chuirfidh an Roinn gealltanais Chlár an Rialtais chun feidhme. Is léir go ndearnadh an-chuid oibre a chur ar aghaidh agus a chur i gcrích sa bhliain 2016, cé go rabhthas ag dul i ngleic le dúshláin nua – go háirithe mar thoradh ar an gcinneadh a rinne an Ríocht Aontaithe i mí an Mheithimh 2016 imeacht as an Aontas Eorpach.

Ba mhaith liom an obair a rinne Frances Fitzgerald, iar-Thánaiste, iar-Aire Dlí agus Cirt agus Comhionannais agus mo réamhtheachtaí, le linn na tréimhse sin a mholadh agus aitheantas a thabhairt do na hathchóirithe tábhachtacha a thionscain sí, go háirithe bunú an Údarás Phólíneachta i mí Eanáir 2016 chun maoirseacht a dhéanamh ar rialachas, struchtúir agus feidhmíocht an Gharda Síochána. Tá an tÚdarás Pólíneachta ina fhóram nua le haghaidh maoirseacht a dhéanamh ar sheirbhísí pólíneachta in Éirinn. Níl ann ach gné amháin den chlár fairsing um athchóiriú an Gharda Síochána, rud atá ag leanúint ar aghaidh agus a mbeidh forbairtí suntasacha eile ag gabháil leis, lena n-áirítear obair an Choimisiún ar Thodhchaí na Pólíneachta in Éirinn.

Forbairt shuntasach eile sa bhliain 2016 ba ea tosach feidhme an Achta um Chosaint Idirnáisiúnta, 2015. Foráiltear leis an Acht do nós imeachta iarratais aonair a thabhairt isteach do dhaoine atá ar lorg cosaint idirnáisiúnta. Is é sin an t-athchóiriú is suntasaí ar an réimse sin le fiche bliain anuas agus is é an toradh a bheidh air go dtabharfar cinnteacht stádais ag céim níos luaithe dóibh siúd atá i dteideal cosaint idirnáisiúnta a iarraidh sa Stát. Tá áthas orm aitheantas a thabhairt don raon leathan oibre a chuir an Roinn seo i gcrích sa bhliain 2016 agus is mór an phribhléid dom gur cheap an Taoiseach Varadkar mé mar Aire Dlí agus Cirt agus Comhionannais an 14 Meitheamh 2017. Thit imeachtaí cinniúnacha i stair ár náisiúin amach sa bhliain 1916. Bhí siad ina n-imeachtaí a réitigh an bealach le haghaidh bhunú ár Stáit mar náisiún neamhspleách. Is iomaí forbairt a rinneadh agus éacht a baineadh amach i réimse an Dlí agus Cirt agus an Chomhionannais sa 100 bliain ó shin i leith agus tá an Roinn seo agus a Gníomhaireachtaí ag leanúint lenár misean a chomhlíonadh, is é sin, Éire shábhálte chóir a bhaint amach. Nithe ar cuireadh díriú ar leith orthu sa bhliain 2016 ba ea aghaidh a thabhairt ar an méadú suntasach a bhí ann ar dhúnmaruithe atá bainteach le dronga agus cabhrú lenár gcomhpháirtithe san Aontas Eorpach i dtaca le géarchéim imirceach an Aontais Eorpaigh. Cuireadh bearta agus cláir láidre chun feidhme ina leith sin.

Comhlíonadh an-chuid cuspóirí tábhachtacha eile sa bhliain. Bhain siad leis an raon leathan feidhmeanna agus réimsí beartais a bhfuil an Roinn freagrach astu, lena n-áirítear: bunú an Údarás Phóilíneachta; leathnú chlár na Freagartha Comhgníomhaireachta i leith na Coireachta tar éis clár treorach an-rathúil a reáchtáil, tabhairt isteach an phróisis iarratais aonair d'iarratasóirí ar chosaint; achtú lear píosaí reachtaíochta tábhachtaí faoi chlár reachtaíochta an Rialtais; agus seoladh roinnt straitéisí tábhachtacha comhionannais. Reáchtáladh an chéad Chomhdháil Bhliantúil de chuid na hEarnála Dlí agus Cirt agus Comhionannais sa bhliain 2016 freisin. Tugadh le chéile lena linn ardbhainisteoirí ón Roinn ar fad agus ón mórearnáil dlí agus cirt agus comhionannais chun plé a dhéanamh ar an téama ‘Dlí agus Ceart agus Comhionannas a Sholáthar trí Bheartas agus Cur Chun Feidhme Comhtháite’. I Rannán 2 den Tuarascáil Bhliantúil, tugtar léargas ar an mbliaín de réir ráithe. I Rannán 3, leagtar an fhaisnéis amach ar aon dul leis an Ráiteas Straitéise 2015-2017, áit a dtugtar breac-chuntas ar an dul chun cinn i gcomparáid le cuspóirí straitéiseacha gach Cláir.

Ba mhaith liom an deis seo a thapú gairmiúlacht agus tiomantas gach baill foirne san Earnáil Dlí agus Cirt agus Comhionannais a mholadh de réir mar a chinntíonn siad go gcomhlíonaimid ár misean.

- Slándáil Fheabhsaithe sa Phróiseas Inimirce

Lean Éire le craic leathan tionscnamh a chur ar aghaidh ar mhaith le slándáil teorann a neartú. I mí na Samhna 2016, chruthaigh an Garda Síochána nasc uathoibrithe le bunachar sonraí INTERPOL i ndáil le Doiciméid atá Goidte nó Caillte do gach aerfort idirnáisiúnta agus do gach calafort sa Stát. Cuardaíodh níos mó ná 700,000 doiciméad laistigh den chéad ocht seachtaine ó tosaíodh ar sheiceálacha córasacha a dhéanamh tríd an mbunachar sonraí. Diúltaíodh dul isteach in Éirinn do roinnt daoine tar éis foláireamh a fháil tríd an gcóras. Ina theannta sin, bhíothas in ann éilimh chalaoiseacha a bhrath níos luaithe mar thoradh ar chóras a tugadh isteach chun feabhas a chur ar na seiceálacha a dhéantar ar dhoiciméid aitheantaí mar chuid den phróiseas Saoránachta.

Clár Cosanta Dídeanaithe na hÉireann

- Cuireadh Clár Cosanta Dídeanaithe na hÉireann ar bun i mí Mheán Fómhair 2015 mar chuid den fhereagairt ón Rialtas don ghéarchéim imirce agus dídeanaithe i lár agus deisceart na hEorpa. Is é an aidhm atá leis tearmann a chur ar fáil do dhaoine atá ar lorg cosaint idirnáisiúnta.

Bhí 240 duine glactha isteach ag Éirinn faoi chóras gealltanais athshocraithe an Aontais Eorpais faoi dheireadh na bliana 2016. Ba theaghlaigh Shiriacha ón nGréig a bhí i bhformhór na ndaoine sin. Tá ag éirí go han-mhaith leis an gclár i ndáil leis an nGréig anois agus comhlíonfaidh Éire a lánoibleagáidí don thír sin. Ós rud é nach gceadaíonn an Iodáil d'fhórsaí pólíneachta seachtracha measúnuithe slándála ceadanna a dhéanamh ar a críoch, áfach, níl Éire in ann iarrthóirí tearmainn a ghlacadh ón thír sin faoi láthair. Tá na húdarás in Éirinn ag obair lena gcomhghleacaithe san Iodáil go fóill chun an ghné sin den chlár athshocraithe a réiteach. Thaistil foirne de chuid an Chláir Chosanta Dídeanaithe agus an Garda Síochána chuig an Aithin chun agallamh a chur ar ghrúpaí iarrthóirí tearmainn atá le teacht go hÉirinn. Chuaigh pearsanra oilte ó Tusla, an Ghníomhaireacht um Leanaí agus an Teaghlach, in éineacht le foirne de chuid an Chláir Chosanta chun agallamh a chur ar mhionaoisigh gan tionlacan. Bhual siad le hoifigigh na Gréige maidir le mionaoisigh gan tionlacan ón thír a iontógáil ar bhonn rialta freisin.

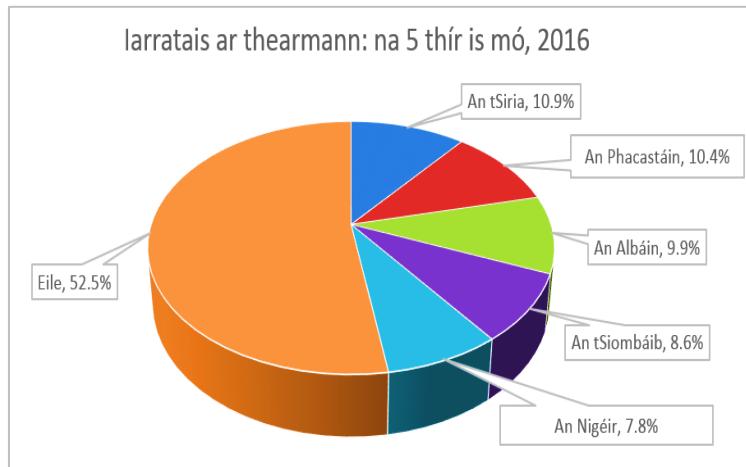

Bille Cosanta a thabhairt isteach lena bhforálfar do Nós Imeachta Aonair d'iarratasóirí ar Chosaint agus a mbeidh mar aidhm leis tréimhsí próiseála a laghdú agus, dá thoradh sin, laghdú a dhéanamh ar an am a chaitear sa Chóras Soláthair Dhírig

- An tAcht um Chosaint Idirnáisiúnta, 2015

Rinne Frances Fitzgerald TD, an Tánaiste agus an tAire Dilí agus Cirt agus Comhionannais, príomhfhorálacha an Acharta um Chosaint Idirnáisiúnta, 2015, a thosú an 31 Nollaig 2016. Foráiltear leis an Acht do nós imeachta iarratais aonair a thabhairt isteach do dhaoine atá ar lorg cosaint idirnáisiúnta. Le hAcht 2015, cuirtear próiseas iarratais aonair in ionad córas seicheamhach iarratais ar thearmann, a fhágann go bhfuil Éire ar chomhréim anois leis na socrutithe próiseála atá i bhfeidhm ag gach Ballstát eile den Aontas. Tá an tAcht ar an athchóiriú is suntasaí ar an réimse iarratais ar chosaint idirnáisiúnta le fiche bliain anuas. Cinnfear leis an bpróiseas iarratais aonair nua cinnteacht stádais ag céim níos luaithe dóibh siúd atá i dteideal cosaint idirnáisiúnta a lorg laistigh den Stát.

Maidir le gach iarratas ar chosaint idirnáisiúnta a dhéanfar ón 31 Nollaig 2016 i leith, próiseálfar iad faoi na socrutha nua atá i bhfeidhm san Oifig nua um Chosaint Idirnáisiúnta i Seirbhís Eadóirseachta agus Inimirce na hÉireann (a ghlacfaidh áit Oifig an Choimisinéara larratais do Dhídeanaithe). Is é an Binse Achomhairc nua um Chosaint Idirnáisiúnta (a ghlacfaidh áit an Bhinse Achomhairc do Dhídeanaithe) a éistfidh aon achomhairc a thiocfaidh chun cinn. Tosaíodh trí phoráil saorsheasaimh ar leith a bhaineann le hinimirce agus le díbirt níos lúaithe sa blíain 2016.

Iarratais ar thearmann

Fuarthas 2,244 iarratas ar thearmann sa blíain 2016, i gcomparáid leis na 3,276 cinn a fuarthas sa blíain 2015 (laghdú 32%). Tá an laghdú sin ar fad, beagnach, inchurtha i leith an laghdaithe ar an líon iarratas a fuarthas ón bPacastáin agus ón mBanglaidéis. Ba ag cuid mhór d'iarratasóirí den sórt sin a bhí stair inimirce sa Ríocht Aontaithe roimhe sin.

Cosaint Choimhdeach

D'éirigh le hOifig an Choimisinéara larratais do Dhídeanaithe dul chun cinn suntasach a dhéanamh ar an líon cásanna cosanta coimhdí a bhí os a comhair a laghdú. Phróiseáil sí 641 chás chun críche sa blíain 2016. Bhí 406 chás ar feitheamh ag deireadh na bliana. Bhí 64 cinn de na cásanna sin le próiseáil faoi Rialacháin an Aontais Eorpaigh (Cosaint Choimhdeach), 2013, agus bhí na cásanna eile le próiseáil faoi phorálacha eatramhacha an Achta um Chosaint Idirnáisiúnta, 2015.

Grúpa Oibre a bhunú chun a mholadh don Rialtas cé na feabhsuithe ba cheart a dhéanamh ar an próisis chosanta/Soláthair Dhírigí atá i bhfeidhm ag an Stát faoi láthair.

- Rinneadh an 'Tuarascáil ón nGrúpa Oibre ar an bPróiseas Cosanta, lena n-áirítear Soláthar Díreach agus tacaí d'iarthóirí tearmainn' a fhoilsiú agus a chur faoi bhráid an Rialtais i mí an Mheithimh 2015. Cuireadh 173 mholadh i láthair inti.

Ba ag cruinniú de chuid eagraíochtaí neamhrialtasacha an 16 Meitheamh 2016 a soláthraíodh an tríú tuarascáil ar dhul chun cinn ar an 'Tuarascáil ón nGrúpa Oibre ar Fheabhsuithe ar an bPróiseas Cosanta, lena n-áirítear Soláthar Díreach agus Tacaí eile d'iarthóirí Tearmainn'. Thuairiscigh an Tánaiste go bhfuil 91 mholadh san iomlán curtha chun feidhme go hiomlán, go bhfuil 49 gcinn eile curtha chun feidhme go páirteach nó á gcur chun feidhme go fóill, agus go bhfuil na cinn eile fós á mbreithniú.

Ceann de na príomh-mholtaí ón nGrúpa Oibre ba ea nós imeachta iarratais aonair a thabhairt isteach don phróiseas cosanta. Foráiltear do nós imeachta den sórt sin leis an Acht um Chosaing Idirnáisiúnta, a tosaíodh an 31 Nollaig 2016. Freagraítear leis an Acht do 26 cinn de na moltaí ón nGrúpa Oibre agus táthar ag súil leis go mbeidh tionchar dearfach aige ar an obair ríthábhachtach a bhaineann le haghaidh a thabhairt ar an bhfad ama a chaitheann iarratasóirí sa phróiseas agus sa chóras Soláthair Dhírigh. Tá an fad ama sin ar cheann de na príomhábhair imní atá ag an nGrúpa Oibre.

Maidir le formhór na ndaoine a sainaithníodh sa Tuarascáil mar dhaoine a bhfuil níos mó ná cúig bliana caite acu sa chóras Soláthair Dhírigh agus nach raibh aon bhaic ann ar dhul chun cinn a gcásanna, amhail imeachtaí athbhreithnithe bhreithiúnaigh a bheith ar feitheamh, meastar go bhfuil a gcásanna próiseáilte chun crícheanois. Is sáréacht é sin. Thuairiscigh an Tascfhórsa a bunaíodh chun scrúdú a dhéanamh ar na tacáitábhachtachaimeasctha atá ar fáil gur bhog 87% de na daoine ar deonaíodh stádas dóibh isteach sa mhórphobal laistigh de thréimhse sé mhí ón stádas a dheonú. Rinneadh dul chun cinn freisin ar fheabhas a chur ar shaol laethúil iarrthóirí tearmainn in Éirinn fad a bhíonn a n-iarratas á bpróiseáil. Fógraíodh méadú ar an Liúntas Soláthair Dhírigh do leanáí i mí Eanáir. Bhí sé sin ar an gcéad mhéadú den sórt sin ó tugadh an íocaíocht isteach thart ar shé bliana déag ó shin. Chomh maith leis sin, tarscaoileadh táillí oidis do gach cónaitheoir Soláthair Dhírigh, idir dhaoine fásta agus leanaí. Rinneadh dul chun cinn ar shaincheisteanna amhail rochtain ar áiseanna cócaireachta agus méadú ar spás maireachtála freisin. Ag teacht sna sílá ar shraith díospóireachtaí inmheánacha le baill fairne oibríochta, tá roinnt ionad sainaitheanta anois ar a ndíreofar iarrachtaí chun méadú a dhéanamh ar an spás maireachtála atá ar fáil do gach teaghlaigh agus chun áiseanna comhchoiteanna nó féinfhreastail a thabhairt isteach. Tá áiseanna agus córais á suiteáil i roinnt ionad faoi láthair chun an soláthar agus an dáileadh bia úir do chónaitheoirí a bhainistiú. Faoi dheireadh na bliana, bhí dea-dhul chun cinn déanta ar shocruithe chun rochtain a thabhairt d'iarratasóirí ar chosaing ar Oifig an Ombudsman agus ar Oifig an Ombudsman do Leanaí.

Rialuithe inimirce túslíne a shibhialtachú ag Aerfort Bhaile Átha Cliath agus ag príomhchalafoirt iontrála eile

- Nósannaimeachta rialaithe inimirce túslíne a shibhialtachú ag Aerfort Bhaile Átha Cliath I mí Mheán Fómhair 2014, d'fhógair an tAire Fitzgerald mórchlára raibh mar aidhm leis na feidhmeanna inimirce a bhí á gcomhlíonadh ag baill den Gharda Síochána ag an am a shibhialtachú. Ceann de na feidhmeanna atá le sibhialtachú is ea seiceálacha inimirce túslíne ag Aerfort Bhaile Átha Cliath. An 22 Meitheamh 2015, ghlac Oifigigh Inimirce ó Sheirbhís Eadóirseachta agus Inimirce na hÉireann lánfhreagracht 24 huaire sa lá, 7 lá sa tseachtain as seiceálacha pas ag Críochfort 1. Cuirfear an t-aistriú feidhmeanna ag Críochfort 2 i gcrích sa bhliain 2017. Beidh beagnach 150 ball fairne sibhialtach imlonnaithe san aerfort faoin am sin, rud a fhágann go mbeifear in ann an líon coibhéiseach Gardaí a scoaileadh chun dualgais oibríochta a chomhlíonadh, lena n-áirítear imscrúduithe a dhéanamh ar choireacht a bhaineann le hinimirce amhail smuigleáil daoine agus iarratais chalaoiseacha ar chónaí sa Stát. Rinne na seirbhísí inimirce ag dhá chríochfort an aerfoirt 13.8 milliún paisinéir a phróiseáil sa bhliain 2016. Bhí Aerfort Bhaile Átha Cliath níos gnóthaí

le linn na bliana ná am ar bith riamh, agus 27.9 milliún paisinéir ag taisteal trína chuid hallaí. Bhí sé sin cothrom le méadú 11% ar an bhfigiúr don bhliain roimhe. Bhí an líon paisinéirí sa bhliain níos mó ná a cheithre oiread níos airde ná daonra na hÉireann freisin.

Oibríonn an tSeirbhís Bainistíochta Teorann go dlúth le hÚdarás Aerfort Bhaile Átha Cliath agus le haerlínte chun a chinntíú go soláthraítear seirbhís éifeachtach éifeachtúil do chustaiméirí. Mar chuid dá mórchláir bainistíochta teorann sa bhliain 2016, sheol an tSeirbhís Eadóirseachta agus Inimirce próiseas soláthair iomaioch le haghaidh geataí uathoibrithe féinriar rialaithe teorann a sholáthar.

An fheidhm clárúcháin timpeall líon beag mol a chuíchóiriú agus a shibhialtachú

- Ní mór do shaoránaigh ó thíortha lasmuigh de LEE nó ón Eilvéis a bhfuil cónaí orthu sa Stát le níos mó ná 90 lá a láithreacht sa Stát a thaifeadadh go dlíthiúil trí phróiseas ar a dtugtar ‘clárú’. Chláraigh 95,701 náisiúnach eachtrach sa bhliain 2016. Bhain thart ar 41% díobh sin le hiarratasóirí céaduaire agus bhain na cinn eile le daoine a raibh a gcónai á athnuachan.

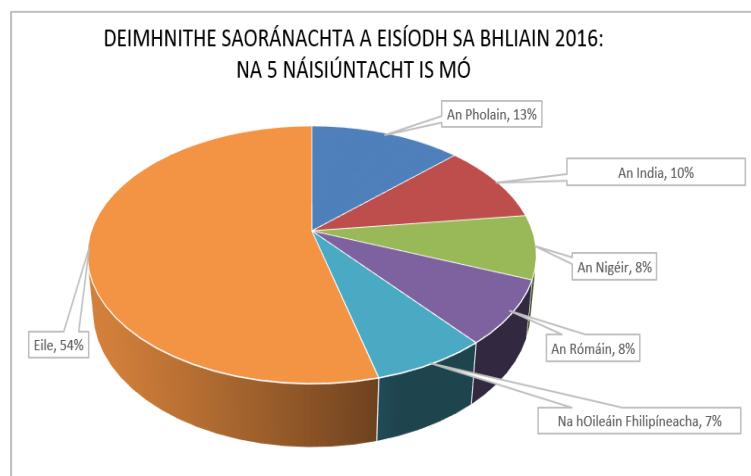

Le blianta fada anuas, tá an Garda Síochána ag cur seirbhísí Clárúcháin agus Ceada ar fáil ag a phríomhoifig i gCé an Bhúrcaigh, Baile Átha Cliath, agus i dtuairim is 70 oifig dá chuid ar fud na tíre. Mar chuid de chlár a bhfuil mar aidhm leis sibhialtachú agus nuachóiriú a dhéanamh ar an dóigh a soláthraítear seirbhísí inimirce, aistríodh an fhreagracht as cláruithe i mBaile Átha Cliath ó Bhiúró Náisiúnta an Gharda Síochána um Inimirce chuig an tSeirbhís Eadóirseachta agus Inimirce sa bhliain 2016.

Is é an toradh a bheidh ar an aistriú ná go laghdófar an méid acmhainní a úsáidfidh an Garda Síochána ar an oifig clárúcháin i mBaile Átha Cliath a bhainistiú. Dá bharr sin, beidh sé in ann díriú ar réimsí oibríochta amhail imscrúdú a dhéanamh ar chionta a bhaineann le hinimirce. Toradh eile a bheidh air is ea go dtabharfar deis don tSeirbhís Eadóirseachta agus Inimirce a cuid próiseas idir an oifig clárúcháin túslíne agus na haonaid chúloifige a chuíchóiriú chun páipéarachas a laghdú agus chun freagairt ar bhealach níos éifeachtúla do riachtanais chustaiméirí.

Maidir leis na baill foirne shibhialtacha de chuid an Gharda Síochána a bhí ag obair san oifig clárúcháin, aistríodh chuig an Roinn Dlí agus Cirt agus Comhionannais iad i mí Iúil 2016. Is í an tSeirbhís Eadóirseachta agus Inimirce a bhainistíonn oibríochtaí na seirbhíseanois. Ar aon dul leis an aistriú sin, thug an tSeirbhís Eadóirseachta agus Inimirce roinnt athruithe ar a cuid próiseas isteach chun an t-éileamh ar an oifig a bhainistiú, go háirithe i dtús na bliana acadúla i mí Mheán Fómhair agus i mí Dheireadh Fómhair. Mar shampla, cuireadh córas bainistíochta coinní i bhfeidhm chun iarratasóirí a chumasú am a chur in áirithe roimh ré dá gclárú, in ionad a bheith ag ciúail.

Leanúint de shearmanais saoránachta a reáchtáil

Eisíodh 10,044 cinn de dheimhnithe saoránachta sa bhliain 2016. Tugann an tSeirbhís Eadóirseachta agus Inimirce faoi deara go mbíonn ag éirí le searmanais saoránachta go fóill agus gur reáchtáladh 9 n-ócáid den sórt sin sa bhliain 2016. Mar chuid de chomóradh Éirí Amach na Cásca, cuireadh searmanas speisialta saoránachta ar siúl i Halla na Cathrach, Port Láirge, áit ar ceiliúradh an chéad uair a d'ardaigh Thomas Francis Meagher an trídhatach i bPort Láirge sa bhliain 1848.

Ó cuireadh athchóirithe forleithne ar an bpróiseas saoránachta chun feidhme sa bhliain 2011, rinneadh cinneadh ar níos mó ná 100,000 iarratas agus laghdaíodh an t-am próiseála d'fhormhór na n-iarratas caighdeánach ó 31 mhí go thart ar 6 mhí, beag beann ar an méadú suntasach a tháinig ar an lín iarratas bailí a fuarthas sa tréimhse sin. Ina theannta sin, bhíothas in ann éilimh chalaoiseacha a bhrath níos lúaithe mar thoradh ar chóras a tugadh isteach chun feabhas a chur ar na seiceálacha a dhéantar ar dhoiciméid aitheantaí mar chuid den phróiseas Saoránachta.

Iarratais ar víosa agus iarratais inimirce a phróiseáil go tráthúil

- An Lón iarratas ar Víosa a Próiseáladh

Fuarthas 124,225 cinn san ionmlán d'iarratais ar víosa iontrála gearrhanachta agus d'iarratais ar víosa iontrála fadhanachta araon sa bhliain 2016. Bhí sé sin cothrom le méadú 7% ar an bhfigiúr don bhliain 2015 agus le méadú carnach 41% ón m bliain 2012 i leith. Ba é 90% an ráta foriomlán ceadaithe d'iarratais ar víosa iontrála. Ba iad na 5 phríomhthír as a bhfuarthas iarratais ar víosa sa bhliain 2016 ná an India (20%), an tSín (13%), an Rúis (10%), an Phacastáin (8%) agus an Tuirc (5%). Próiseáladh beagnach 45,000 ceann d'iarratais ar víosa athiontrála sa bhliain 2016, rud a bhí cothrom le méadú 10% ar an bhfigiúr don bhliain 2015.

Iarratais ar víosaí iontrála a cuireadh isteach, 2012-2016

- **Coinní ar Líne**

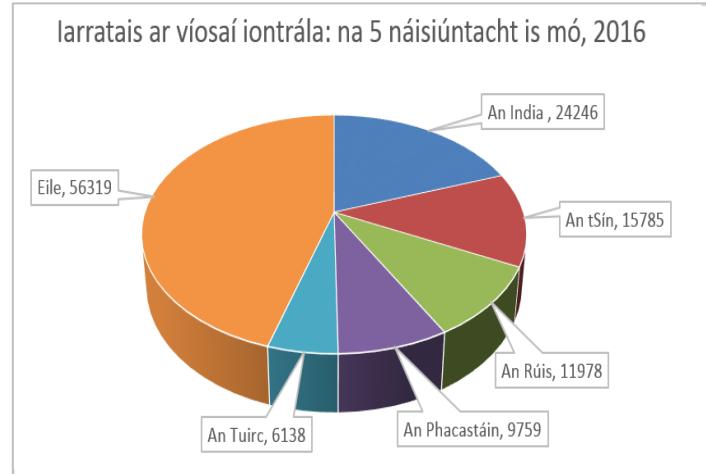

Ar feadh roinnt blianta, bhíodh daoine ag ciúáil go luath ar maidin ag an Oifig Phoiblí i gCé an Bhúrcaigh i mBaile Átha Cliath gach lá agus iad ag féachaint le rochtain a fháil ar an tseirbhís clárúcháin agus ar an tseirbhís víosaí athiontrála thar an gcuntar. Sholáthraíodh an dá sheirbhís sin ar bhonn gach duine ar a sheal féin. Mar chuid dá clár oibre um sheirbhís do chustaiméirí, chuir an tSeirbhís Eadóirseachta agus Inimirce roinnt beart i bhfeidhm chun aghaidh a thabhairt ar an tsaincheist sin. I mí na Samhna 2015, seoladh córas áirithinte ar líne lena gcumasaítear do chustaiméirí am a chur in áirithe dá n-iarratas ar víosa athiontrála a phróiseáil i gCé an Bhúrcaigh. Is féidir teacht ar an gcóras ag reentryvisa.inis.gov.ie. Is féidir le custaiméirí an tseirbhís sin a úsáid agus iarratas a dhéanamh tríd an bpost cláraitheanois. Mar sin, ní gá d'aon duine ciúáil a thuilleadh chun víosa athiontrála a fháil. Chuir níos mó ná 30,000 duine coinne don tseirbhís in áirithe ó seoladh an córas víosaí athiontrála suas go deireadh na bliana 2016.

Seoladh córas coinní ar líne do chláruithe ag Oifig Inimirce Ché an Bhúrcaigh i mí Mheán Fómhair 2016. Is féidir teacht ar an gcóras trí shuíomh Gréasáin na Seirbhise Eadóirseachta agus Inimirce agus ag burghquayregistrationoffice.inis.gov.ie. Cuireadh an córas i bhfeidhm in am don tréimhse ghnóthach clárúcháin i dtús na bliana acadúla agus, ón am sin suas go deireadh na bliana, chuir níos mó ná 25,000 duine coinne don tseirbhís in áirithe. Cumasaítear leis an dá chóras sin do chustaiméirí dáta agus am a roghnú don tseirbhís a theastaíonn uathu. Ghlac siad áit na gcóras ticéadaithe a bhí i bhfeidhm roimhe sin.

Scéim Víosaí na Breataine-na hÉireann a chur i ngníomh, áit a nglacfar le hiarratais ón India agus ón tSín ar dtús

Ceadaítear leis an scéim do dhaoine a bhfuil víosa gearrhanachta acu dul isteach in Éirinn nó sa Ríocht Aontaithe agus taisteal go saor idir an dá thír. Ba trí Scéim Víosaí na Breataine-na hÉireann a ceadaíodh 18,635 cinn de na víosaí a eisíodh sa bhliain 2016. Measann gníomhaireachtaí um chur chun cinn na turasóireachta go bhfuil ag éirí leis na scéimeanna sin óna mbunú agus go mbíonn siad ag cur leis na méaduithe leanúnacha ar an turasóireacht. Táthar ag súil go leanfaidh siad le borradh mór a chur faoi iarrachtaí chun tuilleadh cuairteoirí ó na tíortha lena mbaineann a mhealladh go hÉirinn. I gcomhar lenár gcomhpháirtithe sa Ríocht Aontaithe, tá meastóireacht á déanamh againn ar an scéim faoi láthair maidir leis an dóigh a bhfuil ag éirí léi sa tSín agus san India.

Tosófar ar an scéim a leathnú chuig láithreacha eile a luaithe a bheidh an mheastóireacht críochnaithe. Thángthas ar chomhaontú leis an Ríocht Aontaithe chun 3 cinn eile d'lonaid larratais ar Víosa a chomhroinnt sa tSín, agus tá an cead riachtanach ó údarás na Síne á lorg faoi láthair. Má fhaightear an cead sin, méadóidh an líon lonad ó 12 cheann go 15 cinn.

- **Feabhsuithe ar Shuíomh Gréasáin na Seirbhise Eadóirseachta agus Inimirce**

Chuir an tSeirbhís Eadóirseachta agus Inimirce athfhorbairt a suímh Ghréasáin www.inis.gov.ie ar aghaidh le linn na bliana 2016, agus é mar aidhm aici ábhar atá níos dírithe ar an gcustaiméir a sholáthar. Rinneadh an treoir maidir le Saoránacht, Clárú, Tearmann agus Inimirce agus an fhaistnéis teagmhála do chustuméirí a ollchóiriú go hiochlán ar mhaithe le fainnéis a thabhairt do chustuméirí ar bhealach níos soláimhsithe agus níos iomasaí.

Eolas agus fainnéis a mhalartú lenár gcomhpháirtithe sa Ríocht Aontaithe

- **Sonraí inimirce a chomhroinnt idir Éirinn agus an Ríocht Aontaithe**

Gné leanúnach den phróiseas iarratais ar víosa in Éirinn is ea bithmhéadracht a bhailiú. Maidir leis sin, cuireadh córais i bhfeidhm chun gur féidir fainnéis a chomhroinnt agus a chros-seiceáil ar bhealach uathoibrithe rianúil. Tosaíocht leanúnach don Roinn atá i bhfeabhas a chur ar an acmhainn bailithe fainnéise agus ar an malartú fainnéise ar mhaithe le slándáil taistealaithe agus rialú imirce a fheabhsú, agus tá roinnt tionscadal fadtéarmach ar siúl ina leith sin.

Comhar leanúnach le Rialtas na Ríochta Aontaithe

- **Imeacht na Ríochta Aontaithe ó Aontas Eorpach agus an Comhlimistéar Taistil**

Chuir Rialtas na hÉireann agus Rialtas na Ríochta Aontaithe araon in iúl go bhfuil rún láidir acu go gcoinneofaí an Comhlimistéar Taistil ar bun tar éis don Ríocht Aontaithe imeacht ón Aontas Eorpach. Tá an Roinn ina cathaoirleach ar cheardlann thras-Rannach ar an gComhlimistéar Taistil, rud a bhfuil mar aidhm léi na saincheisteanna a bhíonn ag teacht aníos a mheas agus cabhrú le cur chuige an Rialtais i leith idirbheartaíocht Airteagal 50 a ullmhú.

Íocaíochtaí Prasa

Tá an fhaisnéis seo leagtha amach ar shuíomh Gréasán na Roinne.

Forbhreathnú ar Úsáid Fuinnimh sa bhliain 2016

I gcomhréir leis an oibleagáid reachtúil atá uirthi, tá an Roinn ar an mbealach ceart faoi láthair i dtreo úsáid fuinnimh a laghdú faoi 33% faoin mbliaín 2020 (i gcomparáid leis an bhfigiúr don bhliain 2009, arb í an bhliain bhonnlíne í). Cuirtear tuairisceáin faoi bhráid Údarás Fuinnimh Inmharthana na hÉireann ar bhonn bliantúil. Tá an scórchárta feidhmíochta atá bunaithe ar na tuairisceáin sin leagtha amach thíos.

Tríd is tríd, tá Gníomhaireachtaí na Roinne freagrach as a n-úsáid fuinnimh féin a thuairisciú don Údarás. Mar sin, níl úsáid fuinnimh na nGníomhaireachtaí sin ar áireamh sna figíúirí seo.

Maidir leis na hoifigí atá ar áireamh sa tuarascáil seo, d'úsáid siad na leibhéal fuinnimh seo a leanas thar na trí bliana seo a chuaigh thart:

Bliain	Leictreachas (kWh)	Gás (kWh)	Ola (lítear)	Díosal (lítear)
2016	3,224,869	1,940,628	39,415	924
2015	3,658,573	2,059,010	29,141	1,395
2014	3,847,118	1,643,883	32,656	1,716

Tionscnamh a cuireadh i bhfeidhm le linn na bliana 2016

Le linn na bliana 2016, lean an Roinn de bheith ag obair le hOifig na nOibreacaha Poiblí tríd an bhfeachtas um Chumhacht a Bharrfheabhsú ag an Obair, agus é mar aidhm aici díriú ar fheachtais feasachta forne, ar athrú iompraíochta a bhaint amach agus ar thionscadail mhionoibreacaha lena gcruthaítear coigiltí ó thaobh úsáid fuinnimh de.

Dul chun cinn in aghaidh na bonnlíne (an bhliain 2009 go deireadh na bliana 2016)

Táscairí Feidhmíochta Fuinnimh (TFF) – 2016

TFF 2016 = 202 kWh/Achar Urláir (m²)

TFF Sprice = 201 kWh/Achar Urláir (m²)
